CALIFORNIA STATE LIBRARY

The Los Angeles Times.

The big steamer at San Diego is still attracting much attention.

Blaine has sent a sharp message to Porter regarding Rudini's dispatch.

TENTH YEAR. | 3:50 O'CLOCK A. M. | TUESDAY, MAY 5, 1891. | EIGHT PAGES. | FIVE CENTS

The Times

"Tall oaks from little acorns grow."

8456!

THE HIGHEST WATER MARK.

Sworn Circulation of the Los Angeles Times.

[For purposes of comparison the sworn statement below gives, first, the circulation of THE TIMES on the 5th day of August, 1890—the day of the strike by compositors in this office—followed by the circulation figures at various periods since that date, showing the increase.]

STATE OF CALIFORNIA, } ss.
COUNTY OF LOS ANGELES, }

Personally appeared before me, H. G. Otis, president and general manager of the Times-Mirror Company, and George W. Crawford, foreman of the pressroom of the Los ANGELES TIMES, who, being both duly sworn, depose and say that the circulation of the LOS ANGELES TIMES on the 5th day of August, 1890, was 6,750 copies; that the daily average circulation for said month was 6,713 copies; and that the daily average circulation for the months given below was as follows:

For January, 1891..... 8,389 copies
For February, 1891..... 8,019 "
For March, 1891..... 8,443 "
For April, 1891..... 8,456 "

and, further, that said circulation was *bona fide* in the strictest sense.

[Signed] H. G. OTIS.
[Signed] G. W. CRAWFORD.

Subscribed and sworn to before me this 30th day of April, 1891.

[SEAL] G. A. DOBINSON, Notary Public.

THE APRIL EXHIBIT IN DETAIL.

Advertisers Who Hire Newspaper Space Have a Right to Know the Circulation!

The circulation exhibit in detail for April is as follows:

FOR THE WEEK ENDED APRIL 7....	58,880
FOR THE WEEK ENDED APRIL 14....	58 060
FOR THE WEEK ENDED APRIL 21....	57,960
FOR THE WEEK ENDED APRIL 28....	62,805
FOR THE 2 DAYS ENDED APRIL 30...	16,000
Total.....	253,705
Average per day for the 30 days,	8456

A comparison of figures shows a net increase over the average circulation for August, 1890, of 1,743 copies.

The strike long since proved itself an utter failure. The boycott is a weak, malicious, impotent device of a very few selfish and irresponsible individuals. THE TIMES defies it and them and continues to employ organized labor, paying thereto mere in wages annually than any rival establishment. Advertisers are counseled to no longer pay attention to lawless enemies of their best interests.

We stand ready to exhibit to advertisers our circulation books and pressroom reports, at any time, as a verification of the claims above. Our charges are fixed on the only true basis, namely, the CIRCULATION of THE TIMES, which is guaranteed to be double that of any local competitive journal.

THE GUEST DEPARTS.

President Harrison Leaves the Golden State.

The Trip to the Oregon Line Another Series of Ovations.

Brief Stops and Pleasant Speeches at Various Places.

The President Enters the Webfoot State—Pennoyer Does Not Meet Him, but He Is Warmly Welcomed.

By Telegraph to The Times.

RED BLUFF, May 4.—[By the Associated Press.] The President arrived here at 8:30 o'clock this morning and had a warm reception. An immense crowd gathered at the depot and several baskets of cut flowers were handed into the train. The President was introduced from the car platform by Col. James Matlock, a member of Harrison's command during the war. The President spoke as follows:

My friends; It is very pleasant to meet here an old comrade of the Seventeenth Indiana Volunteers. Your fellow-citizen, Capt. Matlock, who has spoken for you, commanded one of the companies of my regiment, and is therefore a very old and very dear friend. Once before in California I had a like surprise. The other day a glee club began to sing a song that was familiar to me, and I said to those standing about me: "Why, that song was written by a lieutenant on my old regiment, and I haven't heard it since the war." Presently the leader of the glee club turned his face toward me and I found he was the identical lieutenant and composer of the song, singing it for my benefit. All along I have met old Indiana acquaintances and I am glad to see that whether from my old command or from other regiments of the great war, they all seemed to be happy. Seriously my friends, you have a most beautiful State, capable of promoting the comfort of your citizens in a very high degree, and although already occupying a high place in the galaxy of States, it will, I am sure, take a much higher one. It is pleasant to see how the American spirit prevails among all your people, love for the flag and Constitution, those settled and permanent things that live whether men go or come. They come to us from our fathers, and will pass down to our children. You are blessed with a genial climate and most productive soil. I see you have in this northern part of California what I have seen elsewhere, a well-ordered community, with churches and school houses, which indicates that you are not giving all your thoughts to material things, but are thinking of those things that qualify the soul for the hereafter. We have been treated to another surprise this morning in the first shower we have seen in California. I congratulate you that it rains here. May all blessings fall upon you like this gentle rain. [Cheers.]

The President then stepped to the edge of the platform and shook hands with hundreds, and then had a chat with his old friend, Col. Matlock. Secretaries Wanamaker and Rusk, and Mrs. Harrison, Mrs. McKee and Mrs. Russell Harrison made their appearance and were loudly cheered. Mr. Wanamaker said he was greatly interested in the boys, and shook hands with a large number of them. The party started north at 9 o'clock.

At Redding the President and party were received with a national salute and shower of bouquets from the throng of school children. Mayor Buggman and members of the City Council gave the President a formal welcome. Judge Bush introduced the President to the crowd and he made a short address.

The President spoke as follows:

My fellow-citizens: It is very pleasant as we near the northern line of California after having traversed the valleys of the south, and are soon to leave a State in which we have had so much pleasureable intercourse with its people, to see here, as I have seen elsewhere, a multitude of contented, prosperous and happy people. I am assured you are here a homogeneous people, all Americans, all by birth or by free choice lovers of one flag and one constitution. [Cheers.] It seems to me as I look into the faces of these California audiences that life must be easier here than it is in the old States. I see absolutely no evidences of want. Everyone seems to be well nourished. Your appearance gives evidence that the family board is well supplied, and the gladness on your faces is evidence that in your social relations everything is happy. For your friendly demonstrations I wish it were possible for me to do more in exchange for all your great kindness than simply to say thank you, but I do profoundly thank you and shall carry away from your State the very happiest impressions and the very pleasantest memories. [Cheers.]

DUNSMUIR (Cal.,) May 4.—A large crowd greeted the President at Dunsmuir, were he arrived at 1:15 o'clock. Many old soldiers shook his hand.

SISSON, May 4.—The President's train arrived at 3 p. m. There was a big crowd. Flags were flying and cannon booming. The President made a short speech thanking the crowd. Wanamaker and Rusk spoke. It was too cloudy to see Mt. Shasta. The President was presented with a steel engraving of the mountain, also with lava ornaments taken from the foot of Mt. Shasta.

THE PRESIDENT IN OREGON.

ASHLAND, (Or.,) May 4.—The President and party arrived here shortly after 8 o'clock tonight and received an enthusiastic welcome. A special committee of the Oregon Legislature boarded the train and welcomed the President to Oregon. The President made a happy response and also spoke to the crowd at the depot.

The President spoke as follows:

I esteem it an honor that the Legislature of the State of Oregon has taken notice of my visit, and I receive with pleasure this welcome you have extended to me. I am very glad to meet you, and it will give me pleasure to see you further before leaving your State.

Turning to the crowd in the station the President said:

My friends: This cordial welcome under these infelicitous circumstances is very gratifying to us as we enter the great State of Oregon. In the State of California we had sunshine, and it was quite to be expected that favorable weather conditions should draw about our platform large concourses of people; but you have evidenced your interest in the Government and in the flag and your friendly interest in us by turning out on this inclement night to bid us welcome to your State. I thank you most sincerely, and wish for you and yours all good, and for your State a continued career of development and prosperity.

After a stop of about thirty minutes at Ashland the Presidential special pulled out preceded by a special train carrying the legislative committee and prominent citizens.

Going to Cape May.

WASHINGTON, May 4.—The Post says that when the President and Mrs. Harrison return from their western trip they will take up their residence at Cape May Point, where the President will spend as much of his time as possible. It is the intention of Mrs. Harrison to have a number of improvements made in the White House during her absence.

GOULD AS AN OPTIMIST.

The Wall-street Wizard Talks in a Hopeful Strain.

NEW YORK, May 4.—[By the Associated Press.] In a talk with a reporter today, Jay Gould said he thinks the meeting of the Western Traffic Association on Wednesday will be an harmonious one. It is quite possible the question of joint agencies will be seriously considered. The association, he said, should prove a powerful influence for good and the effect of its future actions should be strong. Its formation caused a turn in the tide and undoubtedly averted a panic.

Mr. Gould said his trip to the West made him feel very hopeful. He found crops in fine condition and prospects generally encouraging. He has not sold any stocks; on the contrary, he has been an extensive buyer, and at no previous time in twelve months has he held so much stock as now. "It is impossible to say whether we shall have active money this year," said he, "but money will be comparatively easy until late in the fall and even then we may not experience the slightest stringency, especially if Europe buys our breadstuffs, and there are more than reasonable prospects that it will." He feels convinced that matters are on the mend, and repeats his belief that the present is not simply a bull movement, but that the year will be a bull one.

President Hughitt of the Northwestern road thinks the Western Traffic meeting will be a peaceable one. The railroad companies, he says, are a unit on the question of maintaining rates and doing business on a sound basis.

MOB VIOLENCE.

MORE BLOODSHED IN THE COKE REGION.

A Superintendent and Deputies Have a Fight with a Gang of Strikers—One Man Killed.

By Telegraph to The Times.

SCOTTDALE (Pa.,) May 4.—[By the Associated Press.] The coke region today was shaken from center to circumference by just such another scene as has been feared for weeks since the dreaded Morewood killing. Even at this hour it is difficult to secure positive information owing to the excitement. The most reliable accounts, however, agree that two Hungarians who had left work did not return, and Superintendent Gray became suspicious that they were detained by strikers. He, with assaistants, and four deputy sheriffs, visited house No. 17, where their workmen were enjoying themselves. Their entrance caused a stampede among the strikers, and one of them, a Hungarian, rushed out and aroused the other strikers, and soon two hundred persons were on the scene.

Gray and the deputies were followed down the hill by an angry crowd, who were so close that they were compelled to back down with rifles presented. One Mahan rushed up to one of the deputies and seizing his rifle grappled with him. The deputy fired and the balance followed suit. In the fusillade Mahan was killed, while another man was injured.

There was much apprehension of greater trouble at Leisenring, and the force of deputies was largely increased. After investigation the Coroner rendered a verdict that Mahan died from gunshot wounds fired by unknown persons.

On information of Worthy Foreman McSlay of the Mine Workers, Superintendent Gray, Mine Boss Callahan and Yard Boss Agney were arrested for murder and taken to jail. The testimony adduced at the preliminary hearing places the blame of the shooting on Gray.

Some thirty families were evicted today at Broadford, and more would have been thrown out had not the deputies objected to being stoned and struck, because they were not allowed to use their revolvers on the strikers. There is no doubt a slow but steady gain is being made on the men owing to the heavy importation of labor.

A Millionaire's Sudden Death.

NEW YORK, May 4.—Charles Pratt, the well-known Standard Oil magnate, died suddenly at 7 o'clock tonight at the company's office. He left his home in the morning in his usual health, but was taken ill with indigestion at about 4 o'clock. Drs. Clark and Payne were summoned to attend him, but he continued to grow worse until three hours later, when heart failure set in and caused death.

Pratt's wealth is estimated at $15,000,000. He has given large sums for educational purposes, including $10,000,000 to Pratt's Institute, $160,000 to the annex to the Adelphi Academy—also in Brooklyn—and $150,000 to Immanuel Baptist Church.

Four Negroes Cremated.

CHATTANOOGA (Tenn.,) May 4.—Information reached here this morning of a horrible holocaust which occurred last night at the Duck Creek siding on the Chattanooga Southern Railroad three miles south of this city. A construction car used in building the new road caught fire in some unknown manner, and four colored men, King Meadow, John Harvey, Will Broder and Elder Mills were burned to death. The theory is that the men were murdered and then burned.

Ex-Secretary Taft's Condition.

SAN DIEGO, May 4.—Ex-Minister Taft is resting easier tonight, and partook of some nourishment in the early part of the evening. The chances are more favorable for recovery, as the hemorrhage has been stopped.

BLAINE IN WARPAINT.

A Tart Message Sent to Minister Porter.

Rudini's Charge of Breaking Faith Vigorously Denied.

The Dispatch Which Was Made Public Was Not Confidential.

Minister Porter Given Instructions to Correct the Italian Premier's Blunder—The Breach Evidently Widening.

By Telegraph to The Times.

WASHINGTON, May 4.—[By the Associated Press.] It does not appear in the judgment of the State Department people that the note of Marquis Rudini to the Marquis Imperiali, who is now the representative of Italy in the United States, published this morning, has changed the situation either for the better or worse. In the first place, the note is not addressed to Secretary Blaine, and it is safe to say its tenor would have been entirely different if it had been. Nor was it intended to be shown to him.

It is regarded here as intended solely for "domestic consumption," being rather cleverly calculated to inspire the Italian people with the idea that their government is pursuing a vigorous policy, while taking advantage of diplomatic vagueness of expression and form to prevent the United States from having any ground for resentment.

There has been no correspondence between the two governments since Blaine's note of April 14 to Imperiali. The next step will be taken by this Government and will probably be in the shape of an epistle founded on the report of the District Attorney at New Orleans in regard to the nationality and character of the dead Italians.

The following dispatch was sent by Secretary Blaine, today, to Porter, the American minister at Rome:

A series of statements addressed to Marquis Imperiali by Marquis Rudini was telegraphed from Rome yesterday and published by the Associated Press in the United States today. The only part of Rudini's communication which this Government desires to notice is the one here quoted, namely;

"I have now before me the note addressed to you by Secretary Blaine April 14. Its perusal produces a most painful impression upon me. I will not stop to lay stress upon the lack of conformity to diplomatic usages displayed in making use, as Blaine did not hesitate to do, of a portion of a telegram of mine communicated to him in strict confidence, in order to get rid of a question clearly defined in our official documents, which alone possess diplomatic value."

The telegram of March 14, concerning whose public use Marquis Rudini complains, is the following, which is quoted in full in my note of April 14 to Marquis Imperiali at Washington:

ROME, March 24.

Italian Minister, Washington: Our requests to the Federal Government are very simple. Some Italian subjects, acquitted by American magistrates, have been murdered in prison while under the immediate protection of the authorities. Our right, therefore, to demand and obtain the punishment of the murderers and idemnity for the victims is unquestionable. I wish to add that public opinion in Italy is justly impatient, and if concrete provisions were not taken at once, I should find myself in the painful necessity of showing openly our dissatisfaction by recalling the minister of His Majesty from a country where he is unable to obtain justice.

[Signed,] RUDINI.

The intimation of Marquis Rudini that the telegram in question was delivered in strict confidence is a total error. His telegram expressed the demand of the Italian government. It was impossible that Marquis Rudini could transmit it in strict confidence. As I have already stated, it was communicated to me in person by Baron Fava, written in English in his own handwriting, without a suggestion of privacy, and the telegram itself has not a single mark upon it denoting a confidential character. I have caused a number of copies of the telegram to be forwarded you today in fac-simile. The usual mark for italic printing was used by me under four lines, and they appear in the copies. You will use the fac-simile in such manner as will most effectually prove the error into which Marquis Rudini has fallen.

[Signed] BLAINE.

THE BALL FIELD.

Record of a Day's Games in the East.

PHILADELPHIA, May 4.—The Phillies succeeded in defeating New York today. Score: New York, 9; Philadelphia, 3.

CLEVELAND, May 4. — Cincinnati could do nothing with their old pitcher, Viau, today. Score: Cleveland, 9; Cincinnati 3.

CHICAGO, May 4.—Pittsburgh errors, especially Miller's, gave Chicago the game today. Score: Chicago, 4; Pittsburgh, 3.

NEW YORK, May 4.—The Bostons beat the Bridegrooms today. Score: Boston, 3; Brooklyn, 2.

BOSTON, May 4.—Boston, 11; Washington, 4.

COLUMBUS, May 4.—Columbus, 6; Louisville, 1.

CINCINNATI, May 4.—Cincinnati, 1; St. Louis, 11.

PHILADELPHIA, May 4.—Athletic, 9; Baltimore, 9. Game called at the end of the eleventh inning on account of darkness.

Beet Sugar in Iowa.

MARSHALLTOWN (Ia.) May 4.—E. H. Dyer & Co., beet sugar manufacturers, of California, coöperating with eastern capital, have completed negotiations for the immediate erection here of the largest beet sugar plant in the West. The capital is $550,000. The daily capacity is 400 tons. The factory is to be ready for the fall crop. This is the first sugar-beet plant in Iowa.

Arrested for Conspiracy.

BOSTON, May 4.—Andrew A. Meyers and Benjamin Walker, respectively treasurer and director of the Eastern Investment Association, which concern was ordered to suspend business in this State last Saturday, were arrested this afternoon on a charge of conspiracy to defraud.

Funeral from the residence Wednesday afternoon at 2 o'clock.

BORN.

LYNDALL—To the wife of C. P. Lyndall, a daughter. San Francisco and Ontario, Cal., papers please copy.

THE COURTS.

Indictments by the Federal Grand Jury.

IN THE SUPERIOR COURTS.

Alleged Chinese Murderer Discharged by Justice Stanton, but Immediately Rearrested —Another Damage Suit.

The United States Grand Jury made a partial verbal report to Judge E. M. Ross in the District Court yesterday morning, as the result of which five indictments were filed and bench warrants issued for the persons named therein, bail being fixed at $500 in each instance.

One of the indictments was found against James B. Carter of San Bernardino, who is charged with having sold liquor to Casimero, an Indian, on May 18 last; another was against Vicente Seminua, charging him with having sold liquor to Ramon Peña at Agua Caliente, in San Diego county, on November 23 last, and a third was against Ramon Peña, charging him with having assaulted an Indian named Pablo with a knife at the San Ysidro reservation, on November 22 last, with intent to commit murder. The other two being for persons who have not yet been arrested, were temporarily suppressed by the authorities.

LAW AND MOTION DAY.

Monday having been set apart by the judges of the Superior Court of this county for the hearing of all such matters as come under the head of "law and motion" is, as a general rule, a dull day from a news standpoint, as but little other business is transacted. Yesterday, however, was exceptionally so, for Departments One and Four were closed, Judge Smith having gone to San Bernardino and Judge Van Dyke to San Diego on business trips, and no matters of public interest came up in either of Departments Three, Five or Six.

SUING FOR DAMAGES.

In Department Two, Judge Clark and a jury were occupied yesterday afterno

CITY COUNCIL.

The Usual Routine Business Disposed of.

A PARK FOR THE WEST END.

Opening of Broadway and Seventh Streets Further Discussed, but no Action Taken—Lockwood's Demands.

The City Council met in regular session yesterday morning at the regular time and place, Councilman Tufts in the chair, and all the members with the single exception of President Bonsall in attendance.

The report of the City Tax and License Collector, showing the collection of $34,195.37 taxes for the week ending April 29, and a total collection up to that date of $459,020.09, was referred to the City Auditor.

The same officer also reported the collection of $14,792.50 for licenses during the month of April last. The report was referred to the City Auditor.

The report of the City Clerk, showing the issuance of 2273 licenses for the month of April last, was referred to the City Auditor.

The regular monthly reports of the Superintendent of Buildings, City Justices, Police Judge and Chief of Police, for April last, were received and referred to the City Auditor. Those of the Water Overseer, showing the collection of $149.50, and Poundkeeper, showing the collection of $46, with expenditures amounting to the same sum, were referred to the Finance Committee.

The report of the Supply Committee, recommending that the Water Overseer inspect the main supply ditch and report upon its present condition, was adopted as read.

The report of the Finance Committee was adopted as read.

SEWER ORDINANCE.

The draft of the ordinance ordering the construction of a sewer along Downey avenue, Truman, Lecouvreur, Hellman, Chestnut, Walnut, Hayes and Waters streets was read and on motion of Councilman Summerland the rules were suspended and the ordinance adopted.

The draft of a contract with Sale & Sons for the supply of drugs for the current year was read, and Councilman Summerland moved that action thereon be deferred for one week, his reason being that he had been informed that the bid of A. E. Littleboy was lower than that which had been accepted. Councilmen Innes, Rhodes and Nickell protested against this attempt to go back upon the committee's report at so late an hour.

The contract accompanying the bond was finally approved, Councilman Summerland alone voting against it.

CITY ATTORNEY'S REPORT.

The City Attorney's report was read and acted upon as follows:

I have prepared and present herewith an ordinance changing the names of Bellevue Place and of Ward street and a portion of Sixth street, as ordered by you. On motion of Councilman Alford, the rules were suspended and the ordinance adopted.

I present also an ordinance to open Vignes street in accordance with the map adopted by you. On motion of Councilman Summerland, the matter was referred to the Board of Public Works.

I have prepared and delivered to H. M. Sale & Son a contract for drugs, prescriptions and surgical instruments; also a contract with F. M. Parker to keep the sprinkling hydrants in repair. Received and filed.

In the matter of graduated licenses for banks and the Hill street opening, I ask for one week's further time. Granted.

The property owners on Basil street have procured a deed of a strip of land necessary to open said street from its present eastern terminus to Sotello street. I would advise that this deed be accepted upon the City Engineer reporting that the description is correct. Adopted.

In the matter of the petition of L. R. Harrison regarding the regrading of Court street, I would advise that the City Engineer be requested to confer with property owners, and establish the best practical grade that can be made with the least possible expense, and report the same to the Council. Said street will then have to be cut down under proceedings similar to the First street proceedings. Adopted.

I have obtained a deed from T. A. Fry for strip of land for right-of-way for the western intercepting sewer, and advise that said deed be accepted.

The deed was accepted and the matter referred to the Sewer Committee, the Clerk being instructed not to record said deed until the further order of the Council.

The report of the Board of Public Works, as published in THE TIMES, was read and adopted.

HELD OVER.

Only one bid having been received for the city's supply of stationery, the City Clerk was instructed to hold it, and readvertise for another week, on motion of Councilman Innes.

A protest of the Southern California Railway Company against the proposition to lay a cement sidewalk on First street, between Center and Alameda streets, was read, and J. F. Burns addressed the Council on behalf of the protestant, and asked that the matter be deferred for the present. On motion of Councilman Rhodes the matter was referred to the Board of Public Works.

On motion of Councilman Alford the petition of G. J. Griffith asking to be allowed to connect a supply pipe with the water ditch at his Los Feliz ranch, was granted on the condition that he pay $2 per month for water, and the Council have right to change rate of compensation at any time.

Councilman Rhodes called attention to the fact that he had been informed that the new electric railroad company was laying its tracks a foot below the grade on First street, between Union avenue and the park. After some discussion the matter was referred to the City Engineer and Superintendent of Streets.

On motion of Councilman Innes, the Street Superintendent was instructed to put in a sprinkling hydrant at the corner of Douglass street and Kellam avenue.

ANOTHER BID RECEIVED.

City Clerk Teed then announced that another bid had just been received for the city stationery, and after a lengthy debate it was decided, on motion of Councilman Summerland, to reconsider the vote by which the Clerk had been instructed to readvertise. Both bids were then opened and referred to the Supply Committee.

The petition of J. W. Browning et al., asking that stone gutters be laid on East First street between Matthews and Mott streets, was read and referred to the Board of Public Works.

MORE LIGHT WANTED.

A petition from M. T. Collins et al., asking that an electric light be placed at the intersection of Boyle and Stevenson avenues, Boyle Heights, was read and referred to the Committee on Gas and Light, as was also that of Paul Wack et al., asking for a three-light 125-foot electric mast at the corner of Willhardt and Main streets.

The petition of M. H. Ledbetter for an extension of time of sixty days on his contract to build the Walnut-street bridge was granted.

The petition of J. M. Frew et al., asking that the grade of Alvarado and Court streets be fixed at no less than 125 feet above datum plane, was referred to the City Engineer with instructions to present the necessary ordinance.

PETITIONS.

The following petitions were read and referred to the Board of Public Works: That of Kaspare Cohn, et al., asking that cement sidewalks be laid on the west side of Grand avenue between Ninth and Eleventh streets; that of John S. Haigler, asking that an appropriation be made to pay for part of the work of grading Hope, between Seventeenth and Eighteenth streets and that an investigation be made of the engineer's records in this matter; that of John S. Reddick et al, asking that the west side of Broadway be sidewalked between Temple and First street, and the removal of steps which now obstruct it; and that of Mrs. C. Wilson et al, asking that the name of Mott alley be changed to Central place.

The petition of Edward Amar for a quit claim deed to a certain piece of property on Aliso street, was referred to the Land Committee.

The proposition of Mrs. L. M. Bigelow to accept the sum of $4000 in full satisfaction of her demand for damages by reason of the construction of the First-street viaduct, was referred to the Finance Committee, as was also the petition of P. F. Ebert asking for a rebate of $4.80 on his taxes.

A recess was then taken until 2 o'clock.

Afternoon Session.

The Council met at 2 o'clock with Councilman Tufts in the chair and all the members present except President Bonsall, who is absent from the city.

The following message from the Mayor was read and referred to the City Attorney:

RESERVOIR NO. 4.

To the Honorable Council of the City of Los Angeles: I have executed deeds to portions of Reservoir No. 4, pursuant to the arrangements entered into by your honorable body with Messrs. Wright, Potts et al., whereby the city acquires title to thirty-two acres of said reservoir.

As a condition precedent to affixing my signature to said deeds, I insisted that all reversionary interest of whatsoever nature whereby this land might revert to the grantors in case the city failed to use the grounds for park or resorvoir purposes, should be relinquished, which the grantors have done.

I inclose herewith a formal relinquishment of any reversionary interest which might still be outstanding in them, and it should be accepted and filed for record with the other documents connected therewith.

I have insisted on this relinquishment, because under the present management of our parks, being in the hands of a commission over which your honorable body exercises no control, having been appointed by the Governor, it is out of the power of the city authorities to compel this commission to improve or use the grounds for park purposes, it being their particular province to say what park or parks shall be improved. The city might lose all her interest in the grounds, having made an absolute conveyance of half the land to these people without any conditions whatever, and in the deed from them to the city of the remaining half, it is conveyed on the express condition that the "lands are conveyed to said city for park and reservoir purposes and upon the condition that they shall be only so used." I therefore trust that your honorable body will accept this relinquishment, my signature being affixed to the deeds of the city on condition that this relinquishment be accepted as a part of the transaction, otherwise a failure to improve the land as a park may result in its loss to the city. Experience has shown that the city has parted title in many cases on a claim of title not one-half as good as these people would have to this ground in case the city did not maintain a park or reservoir there.

In this connection I desire to call your attention to an improvement that should be undertaken at the earliest moment practicable, and that is, Boundary street should be opened and graded from its intersection with Alvarado street to and below its intersection with Jefferson street, giving to the southwestern part of the city access to Westlake Park and the West End. This would afford a good drive down Figueroa street, out Adams street to Boundary street, up Boundary street to Alvarado street, and out Alvarado to the Westlake Park. From the park north Alvarado street should be opened to and beyond Reservoir No. 4, which, by the terms of the accompanying documents, should be converted into a park, and from this point an easy drive should be made to get into Elysian Park, crossing Diamond and Temple street and connecting therewith. This is an improvement of great importance to the western part of the city, virtually opening it up for travel. I am aware that most of our people believe that Elysian Park is simply an aggregation of quarry hills unfitted for park purposes, but this impression is not shared in by those familiar with the hills and valleys in Elysian Park, and I have no hesitation in saying that nature has done more to adapt it to park purposes than any other part of the city; its facilities in that regard are unknown to our people because of its inaccessibility. Open a good drive into this park on a continuation of Alvarado street, passing Reservoir No. 4, which should be ornamented, and few cities would have as fine a drive, or one containing a greater variety of scenery.

Respectfully &c.,

HENRY T. HAZARD, Mayor.

Los Angeles, May 4, 1891.

THE BROADWAY MATTER.

The special order for 2 o'clock, the hearing of protests against the opening of Broadway from Tenth to Main streets, was taken up, and Dr. J. P. Widney addressed the Council in behalf of the property-owners who met at St. Vincent's Hall last Friday night, and read the following resolutions, which, he said, were adopted as the sense of that meeting:

First—Resolved, that in accordance with the general recommendation of the City Attorney in his reports made to the City Council on the 27th ult., as follows: "The opening of streets in the city is a constant source of litigation and expense, and I would respectfully recommend that we should not abandon any rights the city has to any streets opened or proposed, unless for more urgent reasons than those given." We protest against the abandonment of the right of the city to the extension of Broadway southward.

Second—Resolved, that the City Council be requested to abandon all proceedings for the opening and widening of Broadway from Ninth to Main streets.

Dr. Widney said that the reason for this action was because it had been discovered that the present proceedings were illegal and the assessments could not be collected. Therefore the only course open for the property-owners was to abandon all proceedings and commence over again.

Councilman McGarry moved that the city abandon all rights to Broadway south of Tenth, except two inches on each side.

Dr. Widney said this would not help matters any, as the assessments were made to pay for property already owned by the city, and were therefore illegal, and could not be collected. Had this action been taken prior to the making of the assessment, it would have been legal.

Councilman Nickell opposed any further delay. He thought the matter should be settled at once.

City Attorney McFarland explained the legal status of the case. He thought the matter of whether the city did or did not own the street should be decided, and that could only be done in the courts, and not by mass meetings of citizens.

Councilman McGarry called for a vote on his motion, when Councilman Rees proposed an amendment, providing for the property-owners between Tenth and Eleventh streets paying the expenses of the commissioners.

An informal discussion followed, after which S. M. White, Esq., addressed the Council on behalf of Messrs. Schallert and Lovell, and also the Childs estate, claiming that there should be no discrimination in the matter.

After another lengthy discussion, the whole matter went over for two weeks.

SEVENTH STREET WIDENING.

The next special order, the hearing of protests against the report of the commissioners for the widening of Seventh street, was taken up, and the attorney for Mr. Norton addressed the Council, asking for an increased allowance for damages for his client.

While waiting for Mr. Denis, one of the attorneys in the Seventh street matter, the following message from the Mayor was read:

THE LOCKWOOD DEMANDS.

To the Honorable Council of the City of Los Angeles: I return unapproved demands amounting to $666.66 for the salary of Justice W. C. Lockwood for the months of August, September, October and November, 1890, and in this connection I desire to call your attention to section 217 of the charter of the city, which reads as follows: "No demands upon the city treasury shall be allowed in favor of any person or officer having the collection, custody of or disbursement of public funds unless his account has been duly presented passed, approved and allowed as required by law." We are all familiar with the manner in which Justice Lockwood "presented" his account and had it "allowed." He embezzled the funds placed in his custody as justice of the peace instead of "accounting" for the same "as required by law," and now we are called on to pay his assignees his salary, not for discharging the duties of his office, because no one pretends that he ever did that, but for prostituting his official position as justice of the peace in the interest of rogues and scoundrels that they might go unwhipped of justice and for fear that justice might overtake himself he has fled to parts unknown. It, under our form of law, these demands can be enforced and payment compelled out of a treasury that has been already robbed by this same individual, I believe it would be early enough to do it when by the order of court we are compelled to. Let us not facilitate the matter in advance of a decision to that effect, but let us wait till the courts say that this species of rascality is entitled to draw a premium. I do not believe the courts will hold that an official is entitled to draw a salary for discharging the duties of an office until the charge of embezzlement of funds entrusted to him by virtue of that office, has been disposed of; at any rate I believe we are justified in assuming that the courts will not so hold, and should therefor refuse to approve these demands.

Respectfully, HENRY T. HAZARD.

Los Angeles, May 4, 1891.

After some discussion, and the statement being made that suit had been commenced in the courts against the city, the message was referred to the City Attorney and Mayor for action.

MISCELLANEOUS.

Action on the Seventh-street matter was deferred for one week, Monday next at 2 o'clock.

The Finance Committee reported a basis of agreement for the settlement of the claims of Mrs. Bigelow for damages in the matter of the First-street viaduct, Mrs. Bigelow agreeing to release all claims for $4000. On motion of Councilman Rees, the report was adopted, and the Mayor requested to sign the agreement.

A number of requisitions were reported from the Supply Committee and allowed.

The City Attorney reported an ordinance of intention establishing the grade of Fireman street.

The City Engineer reported that it would cost $1950 to bring Mrs. Watson's lot at Sand street and Broadway to grade. Filed.

The Bridge Committee reported recommending the adoption of plans for the approaches for the Ninth-street bridge. Adopted, and the Clerk was instructed to advertise for bids.

Councilman Rees moved that the street-sweeping contractor be instructed not to commence work before 9 p. m. Adopted.

Councilman Rhodes moved that the city pipe the Arroyo de los Reyes between Eleventh and Twelfth streets, to abate the nuisance, the city to pay half and the Child estate half.

There was some discussion, but the motion finally passed by a vote of 5 to 3.

On motion of Councilman Rees, action on the Mayor's veto of the Lockwood demands was postponed for one week.

Councilman Rhodes asked that the Council meet in Committee of the Whole Wednesday morning to consult about the right-of-way of the Hollenbeck arroyo sewer.

After some further talk the Council adjourned.

SUPERVISORS AROUSED.

Accountant Edgar Moore Cited to Appear Before Them.

Edgar Moore, the expert accountant, who was recently employed by the new organization which calls itself the Taxpayers' Union to examine the books of the county officers, has been cited to appear before the Board of Supervisors today, and some fun may confidently be anticipated.

In an interview with a reporter yesterday, Supervisor Davis scored the accountant pretty severely, and denied each of the allegations made against the board by him at the last meeting of the would-be reformers. Among other things Supervisor Davis said: "Moore has gone to taxpayers in the county, and without making any direct charges, made sweeping statements of dishonesty about the board, and has drawn them into his scheme of getting a number of persons to employ him to do some work.

"This board denies that it has ever done any act that will not bear the strictest investigation. We court investigation of our official conduct, but we do seriously object to a number of men getting together in a body with an antagonistic feeling to us and listening to exparte statements made about us by one whom we knew to be our enemy. We are anxious to afford every facility to any taxpayer or body of them to examine our work, but we do object to the attitude of this investigating committee."

East Side Notes.

Mrs. Plummer of Sparrow Point, Md., who has been visiting friends in Southern California, was the guest of Mr. and Mrs. A. Gunlash on Sunday. She returns to the East today.

E. W. Cæsar leaves today for Beaumont, where he will make his future home. His family will follow in the near future.

W. D. Baisley and W. B. McDonnell leave today for the Tehachepi Mountains, where they will spend a few months prospecting and developing mines.

A. H. Hammond's harness shop and stock on Downey avenue was destroyed by fire Sunday night about 12 o'clock. The entire stock, valued at about $500, was completely destroyed. Insurance, $250.

Many Southern California Citizens

Have petitioned Dr. Liebig & Co., San Francisco's oldest and most successful specialists, to open permanent branch offices in Los Angeles. The doctors are giving free consultation this week at No. 123 South Main street, this city. Read card in advertising columns.

SEE MRS. DR. WELLS, who has for many years successfully practiced in giving prompt relief in female, periodical, ovarian, nervous and rectal diseases, even from first treatment. Electricity used when needed. Scores of testimonials and city references at offices, 2 to 9 "Clifton," 233 N. Broadway.

To Plasterers and Builders.

An Authority Whom all will Honor.

Golden Gate Kindergarten Association,
MRS. SARAH B. COOPER, PRESIDENT,
4902 VALLEJO STREET.

SAN FRANCISCO, Cal., Feb'y 3, 1890.

My dear friend:

You ask me if I know anything about the ROYAL BAKING POWDER, and if I consider it free from all adulteration.

I am glad to be able to assure you that I know, both from experience and from a chemical analysis, that the ROYAL BAKING POWDER is a pure, wholesome and dependable article.

Knowing the pernicious effects of deleterious ingredients used in the preparation of food, especially in that indispensable article to every family—*bread*—I have taken great pains to ascertain what I could safely use in my own home, and recommend to the many mothers with whom I constantly come in contact in our work among the children. I regard the ROYAL BAKING POWDER as a boon to the household and a benediction to the race.

Very sincerely yours,

Sarah B. Cooper

SCHOOL BOARD.

REGULAR SEMI-MONTHLY MEETING LAST EVENING.

The Compensation of the Census Marshal—Superintendent's Report—The Turners' Athletic Methods—Bills Allowed.

The Board of Education met in regular session last night in the new City Hall, with President Shafer in the chair and Secretary Baker present.

Supervisor Forrester appeared before the board and asked that his request at the last regular meeting to the effect that a teacher be appointed for a night school in the Newsboys' Home be granted.

The committee on teachers recommended that the teacher be furnished if he can be secured at reasonable terms.

Mr. Forrester stated that he believed a teacher can be had for not more than $20 a month.

The committee thought $30 a month would not be too much.

The report was adopted.

The resignation of Miss Dora C. Vickery was accepted with regrets.

The Superintendent's report for the past month is as follows: Number of boys enrolled, 3698; girls, 3768; total, 7466; new pupils, 188. The Superintendent stated that in the future graduates from the Los Angeles High school will be admitted to the University of California without examination.

A communication was read from the Turnverein Athletic Society asking that the turners' system of physical culture be introduced in the public schools of the city.

President Schnaubel appeared and stated that this system is being introduced in a number of cities in the East and in Oakland in this State. He offered to give the use of their teacher for three months free of charge so that the board can see what they can do. The matter was referred to the Committee on Rules and Regulations.

Bills amounting to $502.72 were read and ordered paid.

It was decided that all insurance policies that fall due this month be allowed to lapse.

The Teachers' Committee gave notice that a motion to amend sections 48 and 49 of the rules of the board will be made at some future meeting.

The committee suggested that no pupil be admitted to any class of the High school who has not completed the full work of one course in the preceding grades or an equivalent. Those who find class requirements too severe may spend three semesters doing the work of two. The suggestion was put to a vote and carried.

The special committee appointed to see the Council and arrange for board meetings in the chamber, reported that the chamber can be had. The report was received and the committee discharged. The matter was referred to the Building Committee with power to act.

It was moved by Mr. Crowley that the school census marshal be allowed $3.50 per day and his deputies $2.50 per day each. He stated in support of his motion that plenty of good men can be had at that rate.

Dr. Boal and Mr. Davis thought he should be paid $5 per day, and his deputies the same, the marshal to get them as cheap as he can.

Mr. Davis offered a substitute to pay $5 per day. The vote stood: Yeas—Boal, Davis, Kieruff, Barber and Shafer; noes—Marsh, Crowley, Witmer and Gaffey. The president declared the motion carried.

The question of adding more rooms to some of the buildings was brought up by Mr. Marsh, and after some discussion the matter was referred to the Building Committee.

The following committee was appointed to look after the High school commencement exercises: Dr. Barber and the Teachers' Committee.

Adjourned.

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, its many excellent qualities commend it to all. It is for sale in 50c and $1 bottles by all leading druggists.

DR. KWONG,

The Celebrated Chinese Herb Physician,

HAS REMOVED HIS OFFICE FROM 227 S. MAIN ST. TO

416 SOUTH BROADWAY,

Between Fourth and Fifth, Los Angeles,

This renowned man has had an immense practice (covering a period of 25 years) both in China and America. He locates diseases through the pulse, and never fails to effect a permanent cure. He has Chinese herbs and medicines for sale, prepared by himself. All are cordially invited to call.

Examination and Consultation Free.

And guarantees to cure Catarrh, Ringworm and Piles of long standing.

ONE THOUSAND DOLLARS!

$1,000

Made by reading this and acting promptly.

THE SOUTH RIALTO

LAND AND WATER COMPANY

Makes a reduction of $1000 to purchasers of 20 acres or $50 an acre during the next 60 days, offering your choice of 10 or 20 acres of their splendid orange tract of 1800 acres for $75 an acre, their regular price being, for their choicest lands, $125 an acre.

Terms:

One-half to one-third cash, balance on time to suit purchaser; interest 8 per cent. Title perfect. Soil, the very best, a rich sandy loam fifty feet deep.

Water:

Abundant; an inch to seven acres. PIPED TO EVERY TEN ACRES. Supplied under the Wright Irrigation District law.

Situation:

Most desirable. One mile southeast of Rialto, six miles north of Riverside, one mile west of Colton Terrace, and fifty miles east of Los Angeles—right in the heart of the Southern California Orange Belt—no better location can be found for an orange orchard and a delightful home. The Santa Fé and Southern Pacific railroads pass through the tract, thus making the world a market for producers.

Building Sites.

One might travel over the world and not find so many and such excellent building sites within a like compass and no two alike. People of taste, those who enjoy daily the beautiful and sublime, can here have homes at a moderate cost in the center of a magnificent vista, Grayback, Old Baldy, San Jacinto, and the whole San Bernardino Range make an amphitheater perpetually sublime. Twenty villages are in sight, and as many trains of cars are often seen in full view. With such scenery, and oranges growing on one's own premises, paying yearly $600 an acre, happiness and comfort are surely secured.

At Colton a carriage meets the morning trains from Los Angeles to convey free of charge people wishing to look at this beautiful tract. Call on or address

DR. HONG SOI,

127 S. Broadway, between First and Second Sts. His Wonderful Cures have attracted hundreds. Consultation Free.

Dr. Hong Soi has cured over 2500 people who were afflicted with nearly every form of the various diseases the human body is heir to. Fully 90 per cent of these cases were made of wrecks that could not find relief in the other system of medicine as practiced, American and European. In Dr. Hong Soi's system of medicine there are 40 different diseases and he cures 384 of them, including 20 of the rheumatism, 25 of the 28 forms of consumption, 39 of the lung, 32 of the stomach, 15 forms of heart disease, 9 forms of liver disease, 20 forms of spleen disease, 12 forms of skin disease, 6 of the 9 kinds of cancer, 5 of the 8 kinds of tumors, 2 of the auxreity, 8 of the brain, 72 of the eye, 5 of the ear, 8 of the throat, 12 of asthma, 10 of catarrh, 5 of the headaches 26 of the kidney, 15 of blood disease, 28 of the 35 forms of nervous, 16 of the pile diseases, 13 of the bronchitis. The truth is, there is over 3000 kinds of medicine all herbs and roots and bark) which he imports direct and which have been used in China 5000 to 5500 years. Dr. Hong Soi locates all diseases by the pulse without asking a question.

Having been sick all my life with stomach, spleen, liver disease and in head a dizziness I was very hard to sit up. I was recommended to Dr. Hong Soi; after taking his medicine for two weeks, I am entirely cured. I wish those who are sick would try Dr. Hong Soi.
February 14 MISS A. FOSTER, 302 Chicago st., Los Angeles, Cal.

Having been sick for about one year with kidney and bowel complaint and anxiety of mind and failing to derive any benefit from doctors in the East, I resolved to try Dr. Hong Soi. I find after using his medicine for about two weeks, I am entirely cured.
December 31, 1890. H. H. BEMIS, 218 Third st., Southwestern Lodging House.

One year ago I was taken sick. Dr. Hong Soi cured me of a spleen, liver stomach and blood disease in four weeks. I have been perfectly healthy and have worked hard ever since
Nov. 23, 1890. L. HOY, 820 Main st., Dallas, Tex.

For three years I was a sufferer with rheumatism and kidney disease, and was unable to walk; was terribly bloated and suffered excruciating pains. Five doctors have treated me before and failed to benefit me; have given me up as incurable. I was recommended to Dr. Hong Soi's treatment. Glad I went to him; he cured me in two weeks' time.

NOTES OF THE DAY.

INFLUENZA continues to spread in England.

GERMANY and Austria are now engaged in a game of commercial freeze-out with France.

IT is rather late for frost, but Iowa had one yesterday. An Iowa horticulturist's lot must be an anxious one during spring.

THE question of opening Broadway through to Main street came up again in the Council yesterday and was postponed for two weeks.

THE nurserymen have done an immense business during the past season. The acreage of orchards in the county must have been largely increased.

REPORTS of Chilean atrocities grow worse and worse. It looks as if some of the great civilized powers would soon have to interfere in the interest of humanity.

THE Council has ordered that bids be advertised for the construction of approaches to the Ninth-street bridge. The bridge has been long in a useless condition owing to the lack of approaches.

MAYOR HAZARD has vetoed the demands of ex-Justice W. C. Lockwood for $666 salary and has given his reasons therefor in very plain language. The people are certainly with the Mayor in this matter.

TODAY the Mexican population of Los Angeles, which is a large and intelligent one, impregnated to an exceptional degree with the spirit of American progress, will celebrate the twenty-ninth anniversary of the victory of the Mexican troops over the French at Puebla, on the 5th of May, 1862. The Mexican-Americans of Los Angeles have the hearty sympathy of native-born citizens in this celebration of the defeat of an invader.

THE President has now passed beyond the confines of California. From the Arizona to the Oregon line his progress has been literally along a pathway of flowers and amid the plaudits of enthusiastic citizens, who have vied with each other to welcome the head of the Nation. California may fairly be satisfied with the reception which she has given the President and his party. They will certainly cherish agreeable recollections of the State and its people.

CALIFORNIANS little appreciate the simple item of pure air which they breathe. They take it as a matter of course, yet what a boon it would be considered in some less favored places. We recently referred to an analysis of the atmosphere of Manchester, England. That of London is, if possible, worse. The air which passes through the English House of Commons and is breathed by the honorable members, is first filtered in the basement of the building by being forced through a vast layer of wool six inches thick. The impurities thus caught from the London fog are said to be indescribable as seen upon the bed of wool.

THE Turnverein has asked the Board of Education that the turners' system of physical culture be introduced in the public schools of the city. Several American cities have introduced this system with much advantage, among others Chicago and, more recently, Oakland. The Germans have made a science of physical culture for many years, and the sturdiness of the race is a tribute to the good effects of their system. In America we are apt to overtask the brains of young children at the expense of their bodies, so that they become like hothouse plants of forced growth. A thorough system of physical culture in our schools would be an excellent thing. We should copy the ancients and aim at the *mens sana in corpore sano*.

REFERRING to the destruction of the Chilean insurgent ironclads Huascar and Blanco Encalada by torpedoes the New York Press thinks that the result of this fight promises to prove of great importance to future naval warfare, and has a direct bearing on the subject of seacoast defense in the United States. The Blanco Encalada was a 3500-ton, twin-screw armorclad of thirteen knots speed, with a main battery of six nine-inch, twelve-and-a half ton Armstrong guns. The Huascar, which was captured from Peru by the Chileans in 1879, was a single turreted monitor, carrying two 300-pound Armstrong guns in her chief battery. Both of these vessels were esteemed very efficient at the time of their construction, and they were still formidable fighters. Yet the twenty-knot torpedo cruisers of 750 tons, which were recently delivered to Balmaceda, sunk them both appareatly without receiving any harm themselves.

GOVERNOR MARKHAM.

California's Governor has now been sufficiently long in office for the people of the State to be able to form an adequate conception of his character and ability, and to judge whether the promises made for him before the election, by his friends, have been, and are likely to be, fulfilled.

When the name of Col. Markham was first brought forward, he was a comparatively unknown man north of the Tehachepi, and the great mass of the voters up there had to take him "on trust," except in so far as they were able to form an opinion of the man from his appearance and speeches during the campaign. What has been the result?

Even those who looked askance at Gov. Markham before the election are forced, in fairness, to admit that he has proved to be an able, dignified and conscientious executive. At the very outset his path was beset with difficulties that would have tripped up a man of less clear-cut character and high purpose. The State had been bled by boodlers of high and low degree, and economy was absolutely necessary. Both parties were forced to acknowledge this, and inserted planks to that effect in their platforms. It is, however, well known that planks often serve for kindling-wood after their primary purpose has been accomplished. Much curiosity was felt by the people, and some little anxiety by a few of the Governor's friends who knew him least, to see how firmly he would hold the Legislature to the pre-election pledge of the dominant party. The Legislature met and the fingers of the plungers—Republicans as well as Democrats—began to itch to get at the State's strong box. It was then that Markham showed that he is no ordinary man. He gave a warning, clear, short and decisive, that, as far as he was concerned, the Republican party, in its platform, meant just exactly what it said. The plungers shrank back, and though they did here and there, despite the executive curb, overstep the bounds of strict economy, the net result was a total appropriation which, for the first time in many years, very little exceeds the estimates. The boodlers and plungers were foiled, and the people rejoiced.

Again, when Gov. Markham came into power he found in office many men who were especially vindictive in their attitude toward him while he was a candidate. His enemies admit that his treatment of these men has been characterized by great generosity. Further, he has carefully avoided entangling alliances with any clique. Urbane to all, it has yet become clearly understood that the Executive is his own Governor. Some little friction has naturally been caused among a class who aspire to be wire-pullers and "powers behind the throne," but their loss is the people's gain. Jealous and vengeful San Francisco politicians of the Boruck stripe, whenever they have attempted to antagonize or slight the Governor, have succeeded only in "striking a snag" and scuttling their own puny political craft.

In the reception of the President, the dignity, intelligence and *savoir faire* which so distinctively characterize our Governor, were particularly noticeable. At Indio, where he welcomed the head of the Nation to the State, he made a model speech, brim full of good things, which were something more than flowers of speech. At Los Angeles, after being himself loyally and royally received by the populace, he introduced the President to the citizens in graceful and appropriate words. So all along the line. At Sacramento, on Saturday, in welcoming the President to the capital of the State, he made an eloquent appeal for liberal treatment of Sacramento River interests by the Government, an appeal with which the President was evidently impressed.

Gov. Markham's administration has, so far, been a brilliant success. The people recognize this and are with him. He has been received everywhere on his recent tour with a spontaneous enthusiasm almost as marked as that which greeted the President. Under such circumstances should any attempt be made by jealous and small-minded men to belittle or antagonize him it must of necessity prove a dismal failure.

THE TIMES, which stood by the Governor long before he was Governor, as well as from the beginning to the close of his great campaign—dating its championship from a time when to advocate his cause involved much opposition—rejoices with the people that the promises then made as to Col. Markham's conduct of the high office, should he be elected Governor, have been more than fulfilled. The steadfast loyalty of his home friends, the people of the Sixth Congressional District, who know him best, resulted in his nomination. They had promised the people of San Francisco and the North that Markham would not only be a winning candidate but, when elected, would be a worthy Governor of the whole State, recognizing no section unduly, and knowing but one California. On this line they pressed his claims; their assurances were accepted by the Republican State Convention, and the result is known. He has honored all indorsements; he has honored Los Angeles; he has honored Southern California; better than all, he has honored his State and his country.

THE LAND LOAN BUBBLE.

The Stanford literary bureau continues active. The San Francisco Argonaut devotes several pages every week to the advocacy of Stanford's Land Loan Bill and the nomination of the Senator for the Presidency.

Meantime, another San Francisco weekly, the Star, loses no opportunity of puncturing the great financial bubble, which is expected to float somebody into the White House. Among other things the Star shows that the Standard Oil Company owns 1,000,000 acres of land. If it is worth $10 an acre the passage of the Stanford Loan Bill would enrich that concern $5,000,000. Railroad companies are said to own 211,000,000 acres of land. If this area only averaged $10 in value (and much of it is worth hundreds and thousands of dollars, even desert alkali land in Tulare county being held by the railroad at $7,) the railroad would be enriched by the Stanford Loan Bill by the enormous sum of $1,055,000,000—55,000,000 more than $1,000,000,000. Another instance is given where a man who left Georgia before the war left behind him a tract of pine land, which he considered worthless. He has just been informed that this land has increased so greatly in value without his knowledge or improvement, that he can now sell it for $750,000. Under the Stanford Bill, he would be entitled to a "loan" on this land of $375,000, although he has never expended a dollar on it.

Such instances of the absurdity—or rather the enormity—of the proposed legislation might be extended indefinitely, but it is scarcely necessary. It is not to be supposed that a United States Congress will, in our times, countenance any such disastrous legislation, which could only result in the ruin of those whom it is sought to aid; and, eventually, in national bankruptcy.

THE Pomona people are making it warm for the Los Angeles Evening Express for its misrepresentations in regard to the President's stop at Pomona. The fact is, a fine reception was extended to Gen. Harrison by the people of the patriotic city of Murchison (which the President gracefully acknowledged,) and they very naturally object to having the proper credit denied them.

De Minimis.

So small are her feet, the glassy shoe
Of Cinderella would hold the two.

So light are her hands, they could untie
The spider's tremulous tapestry.

And her heart is both so light and small
That it is hardly a heart at all.
—*St. James' Gazette.*

AMUSEMENTS.

GRAND OPERA HOUSE.—Tonight will witness the first production here of the spectacular pantomime, *Kajanka*, concerning which so much has been advertised. With a large company, extensive scenery and a good selection of specialties the piece will draw large houses for the week.

Needless Fears.

LOS ANGELES, May 3.—[To the Editor of THE TIMES.] I see it stated in your paper that there is a project on foot to transport some orange trees or a grove to Chicago to be placed, as I suppose, on exhibition at the World's Fair. The persons who propose doing this certainly cannot have the good of this country at heart, for it would evidently be a very great misfortune to Southern California. I am comparatively a tenderfoot here, and will frankly say that one of the chief inducements that brought me here was to see an orange grove in bearing. And since I have been here several other parties told me that they had had an almost lifelong desire to see an orange grove, and, had it not been for that, there was no probability that they would ever have come down to this country.

Now, the facts are that if your people take an orange grove to Chicago and show them what it is the people there will not come here to see one. The policy, then, should be to awaken an interest and excite the curiosity of the people, but not satisfy it; if so the charm is broken. Besides, that is not all: It will be next to impossible to transport trees and put them there in anything but a wilted or unvigorous condition, consequently there will be represented anything but a true, thrifty, vigorous, bearing orange grove, and the result will be a disappointment to the people on seeing it, and there will be more nearly a disgust created than an admiration.

Your people here should, by all means, be up in arms against allowing a few persons to perpetrate such a suicidal affair on this country as is proposed in the transportation of this orange grove scheme.

A. S. BENTLEY.

[Sho!—ED.]

THE CARTER ROBBERY.

The Three Men Held in Fifteen Hundred Dollars Each.

E. G. Shaub, David Spring and Truman Lee, the young railroad men arrested on complaint of Oscar Carter, an old man, on a charge of robbery, came before Justice Austin yesterday afternoon. Two of the men demanded an immediate examination, but the third wanted time, which was granted. Bail was fixed at $1500 each, but Shaub was allowed to deposit $500 cash, and was released while the others were locked up.

Officer Vignes, who made the arrest, has been working on the case, and has succeeded in digging up a good deal of evidence. The special officer at the Vienna Buffet yesterday identified the men as having been at that place, acting in a very boisterous manner and says they left the place with Carter. A truckman named McQueay, who followed the party will also prove a valuable witness. The man who was beat up, is in a bad fix, and is confined to his bed. At the Southern Pacific depot yesterday, it was stated that two of the party had figured in a similar scrape some time ago.

The friends of the accused men insist that there has been some mistake about the matter, but the developments so far are all against them.

UNHAPPY HEBREWS.

Terrible Scenes Witnessed in Russian Cities.

The Anti-Jewish Decrees Executed with the Utmost Cruelty.

Synagogues Crowded with Weeping and Wailing Unfortunates.

Business Almost Paralyzed in Many Cities—Debts Unpaid—Goods of the Proscribed Sold for a Song.

By Telegraph to The Times.

LONDON, May 4.—[By Cable and Associated Press.] The Telegraph's St. Petersburg correspondent says terrible scenes attended the Jewish expulsions, many Jews dying on the way. The misery in Jewish settlements which are crammed with new arrivals, is indescribable. All speeches and pamphlets in favor of the Jews are prohibited. The government is considering a scheme to solve the Jewish question, which, if adopted, will astonish and perhaps shock the civilized world. An Odessa paper states that 50,000 Jews have joined the Greek and Lutheran churches since the issue of the expulsion decrees. Each one embracing orthodoxy will receive a gratuity of 15 roubles.

The Graphic says it has Baron Hirsch's authority to deny that he has bought land in Pennsylvania for a Jewish colony. It says the scheme to devote £3,000,000 to assist Jewish immigration is only in embryo. At present the baron is only assisting in sending Jews to the Argentine Republic, although he is looking to other available colonies in South America for a large scheme of emigration which is undefined.

The Moscow correspondent of the Standard dwells upon the utter disorganization of business through the sudden expulsion of Jews. All engaged in various business agencies, the correspondent says, find it impossible to collect their debts, and hundreds of bills are protested daily. The judge of the commercial court has been obliged to telegraph to the Minister of Finance for instructions as to how to act in the emergency. Many traders in the Jewish quarters are facing bankruptcy owing to the departure of Jews who only left their belongings to cover debts amounting to $650,000.

At St. Petersburg a synagogue has already been sold for $45,000. A new and unused synagogue in Moscow has been offered for sale, as it is useless.

A Moscow letter to the Times records the sacrifices made by Jewish emigrants. In many cases they have sold their belongings for the merest trifles, chairs being bought for 2d and beds for 6d. Many persons destroyed goods in preference to selling them at a sacrifice. Many Russians declined to pay debts owing to Jews. Heart-rending scenes are witnessed daily in the synagogue, the people weeping and praying to Jehovah to help them Thousands of workmen are idle who hitherto have been employed by Jews. Foreign importers are keeping back goods on the frontier. It is reported one Swiss silk firm has lost $40,000 in a single week. The letter confirms the Standard's dispatch as to the business collapse. Neither Jews nor Gentiles are paying their debts. The correspondent declares it a shame that the rich Jewish bankers are not touched by the government's decrees, and yet do not appear to help their unfortunate brethren as they might.

The Rothschild syndicate has asked the Russian government to postpone the issue of conversion loans. It is rumored that the syndicate will withdraw altogether from its engagements. Russian stocks flattened yesterday.

EXLPORING ALASKA.

The Turner Expedition—Some Important Discoveries.

SAN FRANCISCO, May 4.—[By the Associated Press.] The first letter to reach this city from J. Henry Turner, sub-assistant in the United States coast and geodectic survey, since his departure for Alaska in June, 1889, was received by Prof. George Davidson today. Mr. Turner was in charge of a party of ten, which was to coöperate with a similar party under sub-assistant McGrath in determining the location of the one hundred and forty-first meridian, the boundary line between Alaska and British Columbia. The letter is dated at St. Michaels, September 20, 1890, and was entrusted to the care of the Wells party, by whom it was sent to this city.

The discoveries of Mr. Turner in the hitherto unexplored region which he traversed are very interesting. His observations will cause a change in the map of the country between the Arctic and Porcupine River in which he found rivers, lakes and mountain ranges where before was supposed to be only a vast plain. Incidentally Turner refers to the experience of Wells, who was forced to eat his own dogs. Turner's camp was located on the Porcupine River, 160 miles from the Arctic Ocean, and 1000 miles from the mouth of the Yukon River.

THE OLSEN TRIAL.

The Prisoner on the Stand in His Own Behalf.

MERCED, May 4.—[By the Associated Press.] The Olsen trial was resumed this afternoon as the defendant felt able to proceed. Olsen testified in his own behalf, and stated that he never had a quarrel with Ivett. He described all his movements for three days previous to the murder, and denied the charges of the convict Bennet that there was a plot to murder Ivett. He said that he could have killed Ivett at any time if he wanted.

The prosecution did not cross-examine Olsen.

DIED AMONG STRANGERS.

Col. Tuttle of Santa Monica Passes Away at New York.

NEW YORK, May 4.—[By the Associated Press.] A man giving the name of Col. Tuttle and who is said to be the commissary at the Soldiers' Home at Santa Monica, Cal., died in a hospital here a few days ago unattended and uncared for except by a stranger. This stranger was Seabrook Waddell, one of the clerks at a hotel where the old man stopped. He was taken ill with grip while there and Waddell had him removed to the hospital, where he had everything possible done for the sick man. Tuttle told the clerk he intended to make him his heir and his property amounted to $1500. The clerk protested against this, and said the money should go to the man's relatives.

After the old man's death, a few days later, Wardell found that Tuttle had disposed of his property as he had proposed. Wardell telegraphed to Santa Monica, Cal., to the Colonel's relatives, and received word that they would not be responsible for his funeral expenses. Wardell accordingly purchased a cemetery lot and headstone with the money.

The Railroad Commission.

SAN FRANCISCO, May 4.—The Railroad Commissioners met this morning. A complaint was received from the Santa Clara Valley Mill and Lumber Company against the Southern Pacific. This not being sworn to the commission ordered that it be returned with a request that it receive this necessary legal form.

The case of the people of Pasadena against the California Southern and Los Angeles Terminal was referred to Commissioner Rea for decision.

Grain Gambler Hutchinson's Affairs

CHICAGO, May 4.—B. P. Hutchinson, the Board of Trade speculator about whose sudden disappearance so much has recently been published, left here this morning for Boston. It is his intention to take a vacation in the East. In the meantime his affairs will be straightened out by his sons. An examination shows them to be in a much better condition than they were supposed to be and when everything is settled up he will have left about $500,000.

FROM THE FAR SOUTH.

THE CITY OF BOGOTA IN DANGER OF DESTRUCTION.

A Rich Valley in Chile Transformed Into a Desert by Volcanic Action—Great Suffering Prevails.

By Telegraph to The Times.

PANAMA (via New York,) May 4.—[By the Associated Press.] Advices from the City of Begota, Columbia, state that Monserrate and Guadaloupe hills threaten to slide on the city, and citizens are alarmed. The engineers' report shows that the city is in iminent danger, as already some houses have been damaged and the center of the city is undermined by water.

Regarding the floods in the Lunahuana district of Chile the Lima *Opinone Nacionale* published a letter saying that the beautiful valley of Lunahuana has experienced a topographical change, and what was formerly a delightful spot is now a desert. Fifteen craters have been continually at work since the latter part of March throwing out masses of mud which in its precipitate descent and with the monstrous strength of its currents, is carrying ruin in all directions and sweeping houses before it, together with inhabitants and cattle, vineyards, farms and irrigation works. All roads north and south of Lunahuana have been converted into ditches, through which water is continually pouring, and all communication between Canets and Chincha is interrupted and the bridge across the river has been swept away. Numerous victims have suffered greatly owing to the destruction of all irrigation ditches. The fact that it will be impossible to gather the remainder of the crop of grapes and the certainty that the necessities of life will reach famine prices, lead to the suggestion that the government should take steps on behalf of the residents. Hundreds of families have been left without homes and are camping on the hillsides.

Y. M. C. A. Conference.

ST. JOSEPH (Mo.,) May 4.—The twenty-first international conference of general secretaries of the Young Men's Christian Associations of North America adjourned this evening, having been in session since last Thursday. Over 300 delegates, representing all parts of the United States and Canada have been in attendance. Important topics relating to the work have been discussed.

A Spanish Naval Visitor.

NEW YORK, May 4.—The Corvette Nautilus, a school ship of the Spanish navy, is anchored in the North River. She arrived tonight from Havana. The Nautilus will lie here a month, her officers and portions of her crew visiting West Point, Annapolis and Niagara Falls. The city will extend courtesies to the officers.

More Indian Soldiers.

CHICAGO, May 4.—Word has been received at the headquarters of the Division of the Missouri from Fort Washakie, Wyo., to the effect that another Indian company has been sworn in as company I of the Eighth Infantry, composed of 28 Shoshones and 27 Arapahoes.

Allowed an Emigrant to Go.

NEW YORK, May 4.—David J. Henderson, agent of the Anchor Line, was arrested today charged with having permitted an emigrant to escape from the steamship Alexandria. The emigrant was suffering from consumption and had been ordered back to Europe.

Diaz Has the Grip.

NEW ORLEANS, May 4.—A Times-Democrat special from the City of Mexico, says that influenza is very prevalent. Two opera companies have been obliged to suspend. President Diaz and many other prominet people are down with it.

Pool-selling Legal.

CINCINNATI, May 4.—Judge Perkins today in his charge to the grand jury of Kenton county, Ky., in the case of the Covington pool-sellers, said that under the recent decision of the Court of Appeals selling pools on races is not gambling.

Died from His Injuries.

NEVADA, May 4.—This morning William Davis, foreman of the Derbec mine, died of injuries received a week ago yesterday while on the cage descending the shaft. He belonged to the Masons and Knights Templar.

Machinery at Chino.

ONTARIO (Cal.,) May 4.—Thirty carloads of machinery for the Chino Valley Beet Sugar Company was today shipped from Germany via New-Orleans.

Sensational Case on Trial.

LINCOLN (NEB.) May 4.—The trial of Mrs. John Sheedy and Charles McFarland (colored) for the murder of Sheedy in January last, began today.

ALL AGAINST FRANCE

European Powers Attempt a Commercial Cinch.

Even Russia Will Join Germany's Crusade Against Protection.

Italy Likely to Fall Into Line at the Kaiser's Bidding.

How the United States is Interested in the Anti-Protection Combine of the Old World.

By Telegraph to The Times.

BERLIN, May 4.—[By Cable and Associated Press.] The work of isolating France commercially, commenced by the German-Austrian commercial treaty is progressing in a manner satisfactory to the originators of the scheme. It has already been announced that Germany has opened negotiations with Russia with a view of arranging for Russian coöperation in the projected commercial union. Commerce with Russia at first appeared improbable, but under the German-Austrian treaty provision was made for treating with other powers reciprocally, both countries being able to offer Russia the benefits of a differential tariff. Today it is definitely announced that negotiations for a commercial treaty between Germany and Russia have commenced, and that Russia promises to treat the matter with liberality if the German government will support the Russian proposition to abolish the interdiction at present placed by the treaty of 1841 (confirmed in London in 1871 and in Berlin in 1878) upon the passage of warships through the Dardanelles. The stand which Russia has taken in this matter is due to the fact that two Russian vessels belonging to the volunteer fleet and loaded with military workmen and material, on their way to Vladivostock, the eastern terminus of the transiberian railroad, were stopped recently in the Dardanelles under the provision of the treaty referred to.

Dr. von Boetticher in the Reichstag today, replying to a question as to how the government intended to relieve the pressure being felt by the people owing to the high price of corn, said it was impossible to discuss the matter pending the commercial arrangements being made with other states.

THE TALK AT ROME.

ROME, May 4.—The commercial treaty between Germany and Austria-Hungary has become the topic of comment by the press generally. In its ulterior consequences it bids fair to become a matter of the greatest concern to the people of the United States. It is announced that Germany and Austria-Hungary have invited Italy, Switzerland and Belgium to join in a convention in Vienna for the avowed purpose of forming a coalition of the central European states against protectionist countries. But how states whose customs tariffs are so uniform for the purpose of protecting their interests as are those of Germany. Austro-Hungary and Italy, can give out as a reason for the proposed coalition the protectionism of other countries, is a puzzle to those who have carefully studied the situation.

It is not yet known that Italy has consented to join the convention at Vienna. If she should, it would seem that the political ties of the triple alliance are stronger than her commercial necessities, for among her best friends, commercially considered, are France and the United States. Italy's exports to Austria and Germany have fallen from f197,000,000 in 1885 to f181,000,000 in 1889. In the latter year France bought of Italy f164,000,000 worth of goods. In 1890 the United States bought f130,000,000 worth.

THE KAISER'S EMPHATIC WORDS.

DUSSELDORF, May 4.—At a banquet this evening Emperor William, after dilating upon his desire for peace and the protection of the rights of labor, and expressing satisfaction at the conclusion of the commercial treaty with Austria, said:

As to the home policy which is becoming established, I shall not deviate a hair's breadth from the course I have adopted. I alone am master in this country and nobody else.

This emphatic language in regard to the treaty with Austria, which Bismarck opposes, and also in regard to home affairs, was evidently directed at Prince Bismarck.

TARIFF PICTURES.

[New York Press.]

Under the tariff of 1883 envelopes paid an ad valorem duty of 25 per cent. In January, 1890, they sold at

68 cents per 1000

Under the McKinley law envelopes pay a duty of 25 cents per 1000. They are now selling wholesale at

47 cents per 1000

One more proof of the way in which protection increases production, stimulates competition and lowers prices to the consumer.

☞Buy "The Seco," devoted to vineyardists. For sale by American News Company's agents.

☞W. K. Vickery of San Francisco begs to announce a choice selection of Etchings and Water Colors which he respectfully invites you to examine at the parlors of the Westminster Hotel for two weeks only, April 27th to May 9th, inclusive. ☞Call for the Paper You Want.—Railroad passengers or others who find themselves unable to procure copies of THE TIMES upon any train, or of any newsboy or news agent, will confer a favor upon this office by reporting the facts, giving place, date, circumstance and names. It is the aim of the publishers to supply the paper in sufficient numbers to meet all demands.

☞The "Times" During the Summer.—City subscribers to THE TIMES, visiting the country, seaside, mountains or springs during the summer months, can have the daily sent to them for a week or longer by ordering and prepaying for the same at the publication office or at any regular agency.

ROW IN THE DEPUTIES

Minister Constans Called a Murderer.

The Labor Day Tragedy at Fourmies the Cause of the Trouble.

The Course of the Authorities Sustained by a Large Majority.

Europe Still Agitated Over the May Day Convulsions—French Miners Threaten a Resort to Dynamite.

By Telegraph to The Times.

PARIS, May 4.—[By Cable and Associated Press.] It was announced yesterday that a section of the Left would join with the Socialist and Boulangist deputies in demanding a vote of censure today against Constans, Minister of the Interior, on the ground that the latter was responsible for the slaughter of men, women and children shot down by the troops at Fourmiers on Labor day. Constans today, after replying in explanatory terms to a question as to the Fourmies affair and giving his version of the matter, holding that neither the governor nor troops were to blame for the disaster, was astonished to see Roche, a deputy representing the seventeenth electoral district of the Seine, spring to his feet and shout fiercely "Murderer." A tremendous sensation followed.

Finally order was restored, and the chamber voted that Roche should be excluded from any further participation in today's session and he should be censured by the chamber for the term he had applied to the minister of the interior.

No sooner was this action decided upon than Roche again sprang to his feet, and, shaking his fist at those of his associates who had been most active in bringing about his proposed expulsion and censure, the angry deputy yelled, "You are a lot of varlets, worthy of your master."

This was more than the presiding officer could submit to; so he ordered Roche removed by force from the chamber. This was eventually done, amid the wildest scenes ever witnessed in the Chamber of Deputies.

The chamber then by a vote of 356 to 33 declared confidence in the government.

EXCITEMENT AT FOURMIES.

FOURMIES, May 4.—The situation here today is grave. The greatest excitement prevails throughout the town and vicinity. The actual state of feeling can be best judged from the fact that many leaders of the popular movement, the best known representatives of the labor party, have started to Belgium for arms and dynamite for use against the troops here. A report has reached here that a quantity of dynamite destined for people of this town was seized while being smuggled across the Belgium frontier. Cavalry pickets will be stationed all along the route of the funeral procession of the "May day massacre," for such is the term applied to the tragedy by the people here. The government has sent two delegates here with instructions to make a thorough investigation into the causes which led to the disturbances on Labor day and into the action of the officers who ordered the troops to fire on the people.

The funeral procession was very long, being participated in by a large number of workmen's clubs with red and black flags draped. The nine coffins were surrounded by relatives of the victims. After the religious services the clergy left and the Socialists took charge, violent addresses being delivered.

RIOTS IN HUNGARY.

VIENNA, May 4.—Dispatches received from Bekes, Hungary, state there were renewed scenes of disorder there yesterday. Immense crowds surrounded the prison and demanded the release of their comrade who had been arrested. The police present were unable to control the crowds and had to send for troops. The military soon cleared the streets and many leaders of the people were arrested.

IN THE BELGIAN COAL FIELDS.

BRUSSELS, May 4.—The northeastern French and Belgian coal fields are, in the main, idle. The men, however, are acting in a law-abiding manner. The only scene of disorder which has been recorded occurred near Liege. There was a fight near that town yesterday between strikers and gendarmes. The latter were getting the worst of the encounter, and finally used their revolvers. The result was that several rioters were wounded, and another received a mortal wound. The situation is now reported quiet.

THE SITUATION AT ROME.

ROME, May 4.—The funeral of the gendarme killed in the riots on Labor day, took place here today. The body was followed to the grave by all the civil authorities of the city. There was no disorder.

The Chamber of Deputies—235 to 15—approved the action of the government on May day.

THE LOBSTER WAR.

England Disposed to Coerce the Newfoundlanders.

LONDON, May 4.—[By Cable and Associated Press.] In the House of Lords today Lord Kimberly moved in view of Newfoundland's assurances that the colony would pass an act for the due enforcement of treaty stipulations between France and Great Britain, that the House ought not to go into committee on the Knutsford Coercive Bill until reasonable time were allowed.

Knutsford refused to accede to the motion, but said if Newfoundland would pass the commerce measure his bill would be dropped.

Lords Dunraven and Herschell argued that the government should drop the Knutsford bill, but Salisbury said the government had entered into serious international obligations with France which must be carried out.

Kimberly's motion was rejected, as was also a motion by Herschell that the Knutsford act continue in force only one year.

AMERICAN CATTLE.

England Is Still Determined to Keep Them Out.

LONDON, May 4.—[By Cable and Associated Press.] Chaplain, president of the Board of Agriculture, in an interview today, said Secretary Rusk's new rules for the inspection of cattle for export would not affect English regulations for admission. He expressed himself as thoroughly satisfied with the reports of Expert Holman as to the diseased condition of American cattle at Deptford, and attached little importance to the opposite decision of Dr. Wray, the American Government's expert at Deptford, even though it was supported by Dr. Williams, principal of the Royal Veterinary College of Edinburgh. He stated that Williams, in 1879, pronounced a cargo of American cattle free from disease, and afterward it was found to be diseased.

OTHER FOREIGN NEWS.

Russia's Coercive Measures—Works of Tolstoi Proscribed.

ST. PETERSBURG, May 4.—[By Cable and Associated Press.] The government has issued a decree prohibiting students from holding public meetings, publishing tracts, or otherwise propagating the doctrines of the religious sect to which they belong. This ban is extended to the works of Tolstoi which deal with questions of religion and family relations. Avowed students must be so described in their passports so as to prevent them from obtaining government employment. Students convicted of proselyting go to Siberia.

ITALY'S ECONOMY.

ROME, May 4.—It has been decided from motives of economy that Italy will not take official part in the Chicago Exposition. To this Americans should take no exception, as Italy took no official part in the French exposition in 1889.

The government proposes to suppress the ministry of posts and telegraphs, and has withdrawn the officer of the government to the proposed celebration in honor of Columbus at Genoa.

THE BERING SEA DISPUTE.

LONDON, May 4.—United States Minister Lincoln, at a meeting of the British and Foreign Sailors' Aid Society today, incidentally remarked that he felt sure the Bering Sea dispute would be settled amicably and honorably, and in a manner satisfactory to both countries.

BREAD RIOT AT PARMA.

PARMA, May 4.—The rise in the price of bread caused a riot here today. Women marched in procession to the town hall and demanded a reduction in the price. A few were arrested before the crowd was dispersed.

DEATH OF A MINISTER.

ROME, May 4.—Señor Mienaga, the Mexican minister, is dead.

AN ARCHBISHOP DYING.

LONDON, May 4.—The Archbishop of York who is suffering from influenza, is said to be dying.

STRIKES OF A DAY.

The Army of the Unemployed Growing Larger.

EVANSVILLE (Ind.,) May 4.—[By the Associated Press.] The coal miners' strike was declared on this morning. All miners and others employed in the vicinity of Evansville, numbering about seven hundred men, are out, and declare they will remain out until the operators accede to their demands for eight hours.

NEW YORK, May 4.—The carpenters in Hackinsack and Newark struck today for eight hours.

ST. LOUIS, May 4.—Thirteen hundred more men struck today. Six hundred brotherhood painters propose to receive 35 cents an hour, and 700 sheet-iron cornice-workers are also endeavoring to enforce their demands. The difference between the marble-setters and their employers has been settled.

BRAZIL (Ind.,) May 4.—At the miners' mass convention today it was resolved to accede to the demands of the operators and return to work at once. They notified the operators that they would sign a contract individually at the mines, under protest, to waive their rights under the laws and resume work at any hour. The rights waived are to be the bi-weekly pay-day and weighing of coke before screening.

Sons of Veterans.

BAKERSFIELD, May 4.—The fifth annual encampment of Sons of Veterans commenced today. Col. F. V. Wood, Adjt. F. M. Wilson, Inspector L. D. Manning and S. L. Blodgett were present. Committees on credentials, distribution of work, resolutions, reports of officers and constitution were appointed. The meeting then adjourned until tomorrow. Telegrams of congratulation were received from Commander-in-Chief Leland J. Webb of Topeka. A grand reception was tendered the encampment tonight.

Ex-Gov. Crittenden Stricken Down.

KANSAS CITY, May 4.—Ex-Gov. Thomas D. Crittenden was stricken this evening with a fatal illness. He was taken suddenly ill after returning home from his office. Physicians were immediately summoned and an examination showed that the ex-Governor was suffering from a ruptured blood-vessel at the base of the brain, and also from uraemic poisoning. The attending physicians say recovery is impossible.

Appointed by the Governor.

SACRAMENTO, May 4.—Gov. Markham today appointed the following members of the State Board of Arbitration: Oscar Lewis, Charles Grambarth and Oliver Eldridge, all of San Francisco. The board is authorized by a law passed by the recent Legislature to arbitrate differences which may arise between labor and capital.

The Walla Walla Lynching.

WALLA WALLA, (Wash.,) May 4.—The County Commissioners have offered a reward of $1500 for the arrest and conviction of the parties who lynched A. J. Hunt April 24, and Col. Compton has issued an order convening a board of officers to investigate the lynching.

Matched to Fight.

SAN FRANCISCO, May 4.—The California Athletic Club tonight decided to match Abe Willis, the Australian bantam weight, and George Dixon, the colored champion, for a fight. The purse will be $5000, and the fight will take place in June.

The Blythe Estate.

SAN FRANCISCO, May 4.—The Supreme Court today annulled Judge Coffey's order which instructed the administrator of the Blythe estate to pay Florence Blythe $300 monthly, as a family allowance.

Sentenced for Robbery.

VISALIA, May 4.—Maje Walton and William Schultz were sentenced to sixteen years each in the penitentiary this morning by Judge Gray for robbing J. W. Kilgore at Dimula.

ON EASTERN TRACKS.

Eleven-sixteenths of a mile—Virgie won, Galliffet second, My Fellow third. Time, 1:05¼.

Mile—Kyrle B won, Gypsy second, Sam Wood third. Time, 1:40.

Mile and three-fourth, hurdles—Hercules won, Zanzibar second, Lijero third. Time not given.

Two Brokers in Trouble.

PHILADELPHIA, May 4.—Gibeon Marsh, who was president of the Keystone National Bank at the time of its suspension in March last, and Charles Lawrence, ex-cashier, were arrested today, charged by Bank Examiner Drew with conspiracy to get him to make false reports. They were held in $20,000 bonds each.

A Tornado's Work.

LOUISVILLE, May 4.—The tornado which was reported from Paducah also passed through Lyon and Graves counties. At Eddyville, T. A. Metcalf was fatally hurt and in Graves county a boy named James was killed. Much damage was done to tobacco barns and plants.

Artesian Water at Templeton.

TEMPLETON (Cal.,) May 4.—H. Wessell of this place, after two weeks boring for artesian water on his place in Templeton, has been successful, at a depth of 340 feet, with a flow of thirty inches above the surface and still increasing.

A World's Fair Appointment.

ST. LOUIS, May 4.—Prof. Halsey Cives, of Washington University, will accept the position of director of fine arts of the World's Fair if the duties of his office will not require him to leave the university, and if the faculty give their approval.

Has Come to

Los Angeles!

Dr. Liebig & Co.

Has opened offices for one week only at

123 North Main Street

(Bet. 1st and 2d, opp. Grand Operahouse.)

From May 4th to 9th, Inclusive, 1891.

CONSULTATION FREE

Liebig World Dispensary.

International Surgical Institute.

SAN FRANCISCO, CAL.,
BUTTE CITY, MONT.,
KANSAS CITY, MO.

DR. STODDART, the specialist in chief of the above-named Medical and Surgical Association, will visit Los Angeles on above dates for the purpose of contracting with all persons desiring to be cured of Chronic and Complicated diseases of the lungs, heart, throat, head, eyes, ears, blood and skin. Diseases specially treated and speedily cured. Glass eyes, artificial limbs, hands and feet adjusted to the body. Deformities of every kind skillfully treated. Braces, trusses, electro-voltaic and magnetizing appliances adjusted to every form of malformation or ailment.

Remember that Dr. Stoddart, the special Surgeon and Physician, is personally coming. The Liebig International Surgical Institute of San Francisco is the only responsible institute visiting leading cities in California. Only one call is necessary, balance of treatment until cured, by correspondence with Liebig World Dispensary, 400 Geary st., San Francisco, or by personally calling for treatment at the San Francisco office of Dr. Liebig & Co., 400 Geary st.

On account of enormous increase of special practice all over the coast, Dr. Liebig & Co. cannot visit any of the smaller Southern California towns this trip. All persons desiring to consult with the great specialists must come to Los Angeles. Can spare one week in Los Angeles.

May 4th to 9th, Inclusive.

Call early, as the doctors' offices will be crowded during the afternoon and evening.

THIS IS OUR WAY OF FITTING GLASSES! The careful and proper adjustment of Frames is as important as the correct fitting of lenses. We make the scientific adjustment of Glasses and Frames our specialty and guarantee a perfect fit. Testing of the eyes free. Full stock of artificial eyes on hand. Glasses ground to order on premises.

AINAXAB

THE CELEBRATED

EGYPTIAN ELIXIR

FOR THE SKIN.

The immense sale of this well-known and inimitable Elixir is of itself the proof of its intrinsic worth. Its great value consists not merely in giving to the skin a brilliant and healthy appearance, but in the genuine and permanent tone, vigor and bloom which nothing but perfect health of the tissues can impart. This remarkable preparation has proven a boon to thousands afflicted with diseases of the skin. Exceedingly pleasant, cooling and effective in its action, so much so that it can be safely used on the skin of a babe just born. It will also cure the most inveterate diseases, such as salt rheum, eczema, itch, poison oak, erysipelas, dandruff, diseases of the scalp and blood poison. No one who has once used it will ever be without it. It will make the roughest skin smooth, soft, and velvety. It is guaranteed to be perfectly harmless, containing neither mercury, lead, or other corrosive poisons. In fact the Ainaxab has been so long and thoroughly tested that it is not necessary to say more.

RECOMMENDATIONS

—GIVEN TO—

DR. WOH,

The Celebrated Chinese Physician.

No Opiates or Poisonous Drugs are used in my Practice.

No person will be treated who will not abstain from Opiates or Liquors.

For many years I have been troubled with lung disease, which finally ended in asthma and consumption.

I consulted with the best physicians I could find but they did me no benefit, but on the contrary I got worse and worse, until I was told by one of them I could not recover. Dr. Woh took me in this condition. He has in two months' time entirely cured me. I most cordially recommend him to all sufferers.

MRS. F. WESSEL,
325 Boyd st., Los Angeles, Cal.
May 1st, 1891.

For eight months past my wife was a great sufferer from female troubles. For days at a time her pain was so severe that no rest could she obtain or sleep at nights. Unwillingly I forced her to visit Dr. Woh, the Chinese physician. The doctor undertook to cure her and now with grateful hearts we confess to a complete recovery in her case.

J. F. BURDICK,
Riverside, Cal.
February 6th, 1891.

Unsolicited I wish to state for the public good the wonderful cure upon me made by Dr. Woh, the Chinese physician. For a long time I have suffered untold agony and tried all known remedies but failed. Dr. Woh was recommended to me and I tried him. He at once, after feeling my pulse, pronounced my trouble to be a severe attack of one of his Chinese variety of kidney disease. He prescribed for me for about three weeks. Then I knew I was a well man. Dr. Woh and his treatment are a success.

AXEL MELANDER,
416 S. Main st.
Los Angeles, Cal.
March 4, 1891.

Dr. Woh was recommended to me by a friend. I had been troubled for years with indigestion, causing fearful headaches and vertigo, making my life one of misery. I tried and paid the best physicians without relief. Finally, to please my friend, I visited Dr Woh at his office and he advised with me and gave me medicines. This was but six weeks ago. Today I can truthfully say I am entirely cured. I have not felt one symptom of my old trouble during the whole time. Dr. Woh is certainly a wonderful healer of the sick.

CHARLES HEILMANN,
331 Court st. L. A., Cal.
April 3d, 1891.

I can say that Dr. Woh has done more medical service to me during the short time I have been doctoring with him than I have received for years from other sources.

In the State of Missouri and in this State I have consulted many doctors for heart disease and dyspepsia, but while they would relieve me for a day or two, the trouble would return. I, through an accident, became acquainted with Dr. Woh. He then diagnosed correctly my disease and said he could cure me. I tried his medicines and as a result my general health is greatly improved and a permanent cure is being effected.

P. E. KING,
Justice of the Peace,
Burbank, Cal.

Dr. Woh has thousands of similar testimonials but space alone prevents further publication of them here.

The remedies are purely herbs and roots which Dr. Woh has familiarized himself thoroughly with by a long practice in the Imperial hospital of China.

Dr. Woh is the oldest and best-known Chinese physician in Southern California, and his cures have been remarkable, especially in female troubles, tumors, etc.

All diseases are located by and through the pulse.

Free consultation to every one and all are cordially invited to call upon Dr. Woh at his office,

BUSINESS.

OFFICE OF THE TIMES,
LOS ANGELES, May 4, 1891.

Although the receipts of new hay during the past few days have not been as large as it was expected they would be, the arrivals have been sufficient to cause a very material drop in prices. The new hay that is now coming in is principally oat, and of fine quality. Very little new barley hay has been received, but receipts during the coming week will probably be larger. Alfalfa continues to come in quite freely and is lower in price. There is now very little old crop hay left in the market, except a small quantity of wheat hay.

The Mark Lane Express says: "A decided reaction in English wheat has set in and there has been an average fall of 1s. A decrease in the demand for the continent and large arrivals of overdue shipments, combined with depression in Chicago, have affected prices of all grains. Foreign wheats lose 2s. Corn has receded 1s. At today's market English wheats were firmer and advanced 6d; foreign wheats were neglected. Flour declined 9d; barley was 8d lower; corn was unsettled."

The visible supply of grain on Saturday, May 2, as compiled by the New York Produce Exchange, is as follows:

	Bushels.	Inc.	Dec.
Wheat	21,063,000	.....	1,280,000
Corn	3,125,000	660,000	.....
Oats	2,839,000	216,000	.....
Barley	593,000	.....	144,000

Money, Stocks and Bonds.

NEW YORK, May 4.—MONEY—On call, easy; closing offered at 3 per cent.

PRIME MERCANTILE PAPER—4½@6½.

STERLING EXCHANGE — Quiet, steady; 60-day bills, 4.85½; demand, 4.89.

NEW YORK, May 4.—The stock market again exhibited the reactionary temper today, which was prominent at times during last week, and while there was no great activity outside St. Paul, the grangers generallys scored important losses for the day. The trading element which has fought for a reaction for a long time, today had the cooperation both of London and the West in selling. The downward movement was uninterrupted until late in the afternoon, when prices were down ½@1½ per cent., but toward the close there was an improvement and the market rallied and the final figures were considerably better than the lowest of the day.

Government bonds were easier.

NEW YORK STOCKS AND BONDS.

GENERAL EASTERN MARKETS.

GRAIN.

CHICAGO, May 4.—Wheat was lower with a large speculative business. The opening prices for July were ⅛@⅝c higher than Saturday's closing, but declined with some few fluctuations 3c from the extreme outside figures touched at the opening. The market then advanced ⅞c, receded 2⅛c more, fluctuated and closed about 4c lower than Saturday. Receipts, 595,000 bushels; shipments, 641,000 bushels.

Closing quotations: WHEAT — Easy; cash, 1.01¼@1.01⅝; July, 1.01⅛.

CORN—Easy; cash, 66; May, 63¾; July, 60¾@61.

OATS—Easy; cash, 51¾; July, 46⅝@46¾.

BARLEY—Nominal; 78@80.

RYE—Dull; 84.

SAN FRANCISCO, May 4.—WHEAT—Weak; buyer '91, 1.72⅛.

BARLEY—Easier; buyer, season, 1.41⅞.

CORN—1.47½@1.70.

LIVERPOOL, May 4. — WHEAT — Demand poor; Kansas winter hard, 8s 6½d, steady.

CORN—Demand poor for spot with less demand for futures; spot, 5s 9¼d, steady; May, June and July, 5s 9d, steady.

PORK.

CHICAGO, May 4.—MESS PORK—Weak; cash, 12.37½; July, 12.65.

LARD.

CHICAGO, May 4.—LARD—Weak; cash, 6.80@6.82½; July, 6.80@6.82½.

DRY AND SALTED MEATS.

CHICAGO, May 4.—DRY SALTED MEATS—Shoulders quoted at 5.20@5.25; short clear, 6.60@6.70; short ribs, 6.10@6.15.

PETROLEUM.

NEW YORK, May 4.—PETROLEUM—June, closed at 72.

WHISKY.

CHICAGO, May 4.—WHISKY—1.17.

NEW YORK MARKETS.

NEW YORK, May 4.—COFFEE—Options closed steady, unchanged to 10 points up; sales, 10,750 bags; May, 17.85@17.20; June, 17.80; July, 17.65; August, 17.25; spot Rio firm; fair cargoes, 20; No. 7, 18⅛@18⅝.

SUGAR—Raw, nominally easy; refined lower on low grades; No. 6, 4 1-16; confectioners A, 4 5-16.

HOPS—Firm; quiet.

COPPER—Nominal, neglected.

LEAD—Steady; domestic, 4.22½.

TIN—Firm; straits, 19.95.

WOOL.

NEW YORK, May 4.—WOOL—Steady; domestic fleece, 34@37.

PHILADELPHIA, May 4.—WOOL—Dull; Montana, 20@24; territorial, 16@22.

BOSTON, May 4.—WOOL — Steady; Territory sold at 62@64 for fine, 60@62 for fine medium, and 55@57 for medium; no sales of importance on California or Oregon wools.

LIVE STOCK.

CHICAGO, May 4.—CATTLE — Receipts, 12,000; steady; prime steers, 6.00@6.30; others, 4.75@5.90; heifers, 3.75@5.60.

HOGS—Receipts, 25,000; steady, active; rough and common, 4.50@4.70; prime packers and mixed, 4.80@4.90; prime heavy and butcher weights, 4.95@5.10; light, 4.90@5.00.

SHEEP—Receipts, 7,000; active, strong; prime natives, 7.00@7.25; westerns, 5.40@6.50.

SAN FRANCISCO MARKETS.

SAN FRANCISCO, May 4—[Special to THE TIMES.] The produce markets opened quiet this morning and quotations are easier for leading cereals. Wheat is as dull as ever and all options were from 2 to 3 cents lower than on Saturday. Barley is quiet but prices are fairly steady. Oats are dull. Corn is in heavy supply at present and prices for both large and small yellow have declined. There is no change in other cereals or mill stuffs.

Dealers are still trying in vain to get rid of their heavy stocks of old potatoes. The market for new potatoes is a little stronger today on account of shipping orders.

New onions are better in quality and some lots are good for shipment.

Summer fruits are coming in slowly, but are of unusually good quality for early lots. Cherries are getting plentiful and cheaper. Some of the very choicest are selling at $3 a box; others are as low at $1. Strawberries are coming forward freely but prices are held firm. Off sizes of oranges are in liberal supply, but choice Navels are rather scarce and maintain their own. A few boxes of poor gooseberries have arrived.

There is little or no change in the butter market. Choice fancy roll is still held at steady prices.

FRUITS.

STRAWBERRIES—90@1.15 per drawer.

LIMES—Mexican at 7.00@8.00; California at 75@1.00 per box.

ORANGES—Riverside Navels, 4.00@5.00; Seedlings, 1.50 for off sizes, and 1.75@2.50 for regular sizes; Los Angeles Navels, 2.00@3.00; seedlings, 1.00@1.75 per box.

PERSIMMONS—Quoted at 50@75 per box.

GRAPES—Quoted at 3½@3¾c per pound for stemmed and 1⅝@2¼c per pound for unstemmed.

APPLES—Quoted at 1.00@1.25 per box for common to good, and 1.50@2.50 for choice.

PEARS—Oregon quoted at 1.25@1.50 per box.

LEMONS—Sicily quoted at 6.00@7.00; Riverside, 2.00@3.00; Los Angeles, 1.00@1.75 per box.

BANANAS—Quoted at 1.50@2.50 by the bunch.

PINEAPPLES—Quoted at 4.00@5.00 per dozen.

FIVE PER CENT. INTEREST PAID ON DEPOSITS.

The notice of the public is called to the fact that this bank has the largest paid-up capital of any savings bank in Southern California, and only loans money on approved real estate security; that among its stockholders are some of the oldest and most responsible citizens of the community; that, under the State law, the private estates of its stockholders are pro rata, liable for the total indebtedness of the bank. These facts, with care exercised in making loans, insure a safe depository for saving accounts. School teachers, clerks, mechanics, employés in factories and shops, laborers, etc., will find it convenient to make deposits in small amounts. CHILDREN'S SAVINGS DEPOSITS received in sums of 25 cents and upward. Remittances may be sent by draft or Wells, Fargo & Co.'s Express.

Ordinance No. 967.

(NEW SERIES.)

An Ordinance Declaring the Intention of the Mayor and Council of the City of Los Angeles to Change and Establish the Grade of First Street from Burtz Street to Vendome Street.

THE MAYOR AND COUNCIL OF the City of Los Angeles do ordain as follows:

SECTION 1. That it is the intention of the Council of the City of Los Angeles to change and establish the grade of First street from Burtz street to Vendome street, as follows:

At the intersection of the west line of Burtz street the grade shall be 37.00, as now established.

At a point 710 feet west of the west line of Burtz street the grade shall be 51.00.

At the intersection of Fanning street the grade shall be 35.00 at the northeast and northwest corners, and 34.00 at points in the south line opposite thereto.

At the intersection of King street the grade shall be 37.80 at the northeast corner and at a point opposite; and 38.20 at the northwest corner and at a point opposite.

At the intersection of Reno street the grade shall be 43.00.

At the intersection of the east line of Vendome street the grade shall be 40.80, as now established.

Elevations are in feet and above city datum plane.

SEC. 2. The City Clerk shall certify to the passage of this ordinance, and shall cause the same to be published for ten days in the LOS ANGELES TIMES, and thereupon and thereafter it shall take effect and be in force.

I hereby certify that the foregoing ordinance was adopted by the Council of the City of Los Angeles at its meeting of April 27th, 1891.

FREEMAN G. TEED,
City Clerk.

Approved this 1st day of May, 1891.
HENRY T. HAZARD,
May 2 10t Mayor.

Ordinance No. 968.

(NEW SERIES.)

An Ordinance Declaring the Intention of the Mayor and Council of the City of Los Angeles to Establish the Grade of Alvarado Street from Ward Street to Temple Street.

THE MAYOR AND COUNCIL OF the City of Los Angeles do ordain as follows:

SECTION 1. That it is the intention of the Council of the City of Los Angeles to establish the grade of ALVARADO STREET from Ward street to Temple street, as follows:

At the intersection of Ward street the grade shall be 35.00, as now established.

At a point 200 feet north of the north line of Ward street the grade shall be 51.00.

At a point 400 feet north of the north line of Ward street the grade shall be 65.00.

At a point 1000 feet north of the north line of Ward street the grade shall be 101.00.

At the intersection of Ocean View avenue with the west line of Alvarado street the grade shall be 117.00 on both corners and at points opposite thereto in the east line.

At the intersection of Ocean View avenue with the east line of Alvarado street the grade shall be 100.00 on the southeast corner and at a point opposite thereto in the west line; and 99.00 on the northeast corner and at a point opposite thereto in the west line.

At the intersection of Valley street the grade shall be 91.00 on the northeast and southeast corners and 90.00 at points opposite thereto.

At a point 280 feet north of the north line of Valley street the grade shall be 105.00.

At the intersection of First street the grade shall be, as now established, 93.00 on the northeast and southeast corners and 91.00 on the northwest and southwest corners.

At a point 590 feet north of the north line of First street the grade shall be 97.00.

At the intersection of Court street the grade shall be 119.00 on the northeast and southeast corners and at points opposite thereto.

At the intersection of Temple street the grade shall be, as now established, 106.00 on the southwest corner and 103.60 on the southeast corner.

Elevations are in feet and above city datum plane.

SEC. 2. The City Clerk shall certify to the passage of this ordinance, and cause the same to be published for ten days in the LOS ANGELES TIMES, and thereupon and thereafter it shall take effect and be in force.

I hereby certify that the foregoing ordinance was adopted by the Council of the City of Los Angeles at its meeting of April 27th, 1891.

Notice

Of the Filing of the Report of the Commissioners Appointed to Open Second Street from the Westerly Line of Alameda Street Westerly to the Northerly Line of Second Street and from the Easterly Line of Garey Street to the Easterly Line of the Thomas Tract in Compliance with Ordinance No. 923 (New Series) Together with the Plat of the Assessment District.

NOTICE IS HEREBY GIVEN that the Commissioners, appointed to assess benefits and damages, and to have general supervision of the proposed work of opening SECOND STREET, from the westerly line of Alameda street westerly to the northerly line of Second street and from the easterly line of Garey street to the easterly line of the Thomas Tract have filed in the office of the undersigned a report, together with a plat of the assessment district.

All persons interested are hereby required to show cause, if any they have, on or before THURSDAY, THE 28TH DAY OF MAY, 1891, why such report should not be confirmed by the Council of the City of Los Angeles.

All objections must be in writing, and filed with the Clerk of said City Council.

All persons signing protests will attach thereto their postoffice address.

FREEMAN G. TEED,
City Clerk and ex-officio Clerk of the Council of the City of Los Angeles.
Los Angeles, April 28, 1891. Apr 28 10t

[OFFICIAL.]

Notice of Public Work.

PUBLIC NOTICE IS HEREBY given that the Council of the city of Los Angeles, passed on the 20th day of April, 1891, an Ordinance of Intention No. 964 (New Series,) to cause KOHLER STREET, from Eighth street to Ninth street, to be opened and extended.

That the exterior boundaries of the district which is hereby declared to be benefited by said improvement and to be assessed to pay the costs, damages and expenses of the same are as follows:

Beginning at the northwesterly corner of lot five of the Reyes tract, thence southerly along the westerly line of said lot 5 to the southwesterly corner thereof, thence southeasterly in a direct line to the northwesterly corner of lot 1 of the Contreras & Reyes subdivision, thence southerly along the westerly line of said lot 1 to the northerly line of Ninth street, thence southeasterly along the northerly line of Ninth street to the southeasterly corner of lot 3 of the Contreras & Reyes subdivision, thence northerly along the easterly line of said lot 3 to the northeasterly corner thereof, thence southeasterly in a direct line to the southeasterly corner of lot 7 of the Reyes tract, thence northerly along the easterly line of lot 7 to the southerly line of Eighth street, thence northwesterly along the southerly line of Eighth street to the point of beginning; excepting therefrom the land to be taken for the opening and extending of said Kohler street, as in section 1 of the ordinance of intention, to which ordinance reference is hereby made for further particulars.

E. H. HUTCHINSON,
Street Superintendent.
By F. L. BALDWIN, Deputy. May 3 10t

[OFFICIAL.]

Notice.

NOTICE OF THE FILING OF the report of the Commissioners appointed for the opening, widening and extending of Los Angeles street, from the southerly line of Second street to the northerly line of Shafer avenue, together with the plat and assessment list as finally confirmed and adopted by the Council.

Notice is hereby given that a certified copy of the report, assessment and plat of the Commissioners appointed to assess benefits and damages and to have general supervision of the proposed work of opening, widening and extending of Los Angeles street from the southerly line of Second street to the northerly line of Shafer avenue, has been filed in the office of the undersigned.

All sums levied and assessed in said assessment roll are due and payable immediately. The payment of said sums is to be made to me at my office within thirty days from the first publication of this notice.

All assessments not paid before the expiration of said thirty days will be declared to become delinquent and thereafter five per cent, with the cost of advertising, will be added thereto.

E. H. HUTCHINSON,
Street Superintendent.
By F. L. BALDWIN, Deputy. Apr 30-10t

Legal.

Proposals

FOR PURCHASE OF BONDS OF East Riverside Irrigation district. Sealed proposals for the purchase of the bonds of East Riverside Irrigation District to the amount of one hundred and fifty thousand dollars ($150,000) will be received by the Board of Directors of the said district at their office in East Riverside, San Bernardino county, State of California, till 1 o'clock p.m., of the 22d day of April, 1891, at which time and place said board will open the proposals and award the purchase to the highest responsible bidder.

Said bonds are a portion of a series of bonds amounting in the aggregate to two hundred and fifty thousand ($250,000) issued by authority of and pursuant to the provisions of an act of the Legislature of the State of California entitled "An act to provide for the organization and government of irrigation districts, and to provide for the acquisition of water and other property, and for the distribution of water thereby for irrigation purposes," approved March 7, 1887, and also by authority of and in accordance with the vote of the qualified electors of said irrigation district, at a special election held December 24, 1890.

Said bonds bear interest from the first day of January, 1891, at the rate of six (6) per cent per annum, payable on the first days of January and July in each year.

The principal of each of said bonds is payable as follows, to wit: at the expiration of eleven years, five per cent thereof; at the expiration of twelve years, six per cent; at the expiration of thirteen years, seven per cent; at the expiration of fourteen years, eight per cent; at the expiration of fifteen years, nine per cent; at the expiration of sixteen years, ten per cent; at the expiration of seventeen years, eleven per cent; at the expiration of eighteen years, thirteen per cent; at the expiration of nineteen years, fifteen per cent; at the expiration of twenty years, sixteen per cent. Coupons for the several payments of principal and interest are attached to each bond.

None of said bonds will be sold for less than ninety (90) per cent of the face value thereof.

Said Board reserves the right to reject any or all bids.

All bids should be addressed to East Riverside Irrigation District, San Bernardino County, California, and marked "Proposal for Purchase of Bonds."

By order of the Board of Directors of East Riverside Irrigation District.

East Riverside, San Bernardino County, California, March 17th, 1891.

HENRY W. ROBINSON,
President.

J. A. VAN ARSDALE, Secretary.

The time of receiving and opening the above proposals is postponed until the 22d day of May, 1891.

By order of the Board of Directors of the East Riverside Irrigation District, East Riverside, San Bernardino County, California, April 22d, 1891.

HENRY W. ROBINSON,
President.

J. A. VAN ARSDALE, Secretary.

Notice of Street Work.

N

PASADENA.

Office: No. 261-2 E. Colorado Street.

MONDAY'S MEDLEY

Of Interesting Happenings About Town.

ONE EXAMPLE AMONG MANY

An Indiana Man Discovers Pasadena Possesses Something More Than Climate—Mr. Fleming Heard From—Brevities.

A Pasadena man was standing in front of a store opposite the Terminal Station Park looking at the wares displayed therein; a lady and gentleman just arrived on an incoming train, stopped a minute to glance in at the same window. While thus engaged, the gentleman observed, "This country is all very well to live in, but I prefer to keep our home back, in Indiana where we have something more than climate to fall back on."

This remark attracted the attention of the Pasadena man. He ventured to inquire of the next arrivals whether they were strangers in town. The Indiana man said it was the first visit of himself and wife to California. The conversation then became general. Referring to the foregoing remark, the Pasadenian said: "You say we have only climate out here. Look at that land (pointing to the park); you can grow almost anything on it that flourishes between the tropics and the poles. Fruit, flowers, agricultural products, anything flourishes in this soil and grows more rapidly than in any land under the sun. Then remember that last year this State, with 1,320,000 tons of wheat to her credit, 18,000,000 gallons of wine, 2,341,000 boxes of raisins, and hundreds of carloads of fruit."

The Indiana man seemed impressed by these statements. He said he had never given the matter much attention. However, he and his wife took a drive about the city, and so impressed were they with its beauty that, after a stay of a few days at one of our hotels, they left for Indiana with the full determination to return to Pasadena to live as soon as they wind up their affairs back East.

DIDN'T GET IN.

Mr. Fleming Receives Another Setback.

The notorious S. J. Fleming of South Pasadena had another setback yesterday, when Judge McKinley of Los Angeles refused to change the modified order made recently, which allows him to see his child for half an hour each Saturday afternoon.

One day last week Fleming made his appearance at the residence of J. B. Young, this city, where his wife is stopping. He was accompanied by his attorney, and demanded admittance. None but the lady members of the family were home, all of whom were considerably frightened by the appearance of the ex-minister. So they barricaded all the doors and windows and refused to open them, notwithstanding the most determined efforts of the parties outside. After a lengthy siege the representatives of the law and the gospel departed, evidently much put out at the result of their visit.

NOTES AND COMMENT.

It is pleasing to note a combining of Pasadena's musical forces for the production of opera. Pasadena is distinctively a musical town, but hitherto the musicians have had little in common. Now that several of our leading instructors, with their pupils, have joined hands for the production of the *Bohemian Girl*, something fine may be expected.

***

If the identity of the dog poisoner, who has been making himself so conspicuous of late, is discovered, it will go hard with him. Most of the poisoning has been done in the vicinity of South Marengo avenue, and several of the parties who have lost dogs are morally certain that they know who did the dirty work, but it is a difficult thing to prove it.

***

A feature of Pasadena which always attracts favorable comment from the observing visitor is her stores. Colorado street and Fair Oaks avenue, the two principal business thoroughfares, are lined with fine blocks which contain commodious and handsomely apportioned store rooms. These are occupied for the most part by merchants who keep pace with the times by carrying extensive lines of goods of the latest manufacture. Many of these merchants, moreover, know how to dress their store windows, an accomplishment which all might well strive to attain. Colorado street has a very metropolitan air about it.

***

One who is in a position to know says that the Pasadena and Mt. Wilson road is all right and that definite steps toward constructing the line will be entered upon soon.

BREVITIES.

Another banquet is on the tapis.

B. F. Bracken and wife have gone East.

Miss Marriner is recovering from la grippe.

Mr. C. C. Harding was in the city yesterday.

Company B held a regular weekly drill last night.

Prof. M. M. Parker is slowly recovering from a serious illness.

H. I. Steward has returned from a visit to his old home in Indiana.

A handsome veranda is to be built on the south side of Hotel Green.

Mrs. W. G. Wise and the Messrs. Wise are guests of Mrs. E. B. Dexter.

Prof. M. M. Parker is somewhat better, although his condition is still serious.

The Santa Fé tracks at the Colorado street crossing are undergoing much needful repairs.

A strong breeze drove the clouds away yesterday morning and the day closed beautifully.

Miss Boyd returned to Los Angeles yesterday, after a pleasant visit with friends in the city.

Mrs. Kuntz is visiting friends in Riverside, preparatory to returning East early in June.

The Rev. and Mrs. Garvin have taken permanent quarters at the Carlton for the summer.

It is hinted that the front part of the Opera House, which it is given out has been purchased by Prof. Lowe, will be utilized for generating electricity for the lower end of the mountain railroad.

D. S. Bassett and Frank McGarry went to Santa Monica and back on their bicycles on Sunday.

The children of the Universalist Sunday-school are arranging for a picnic in Wilson Cañon.

A matrimonial wave is about to sweep the town, no less than six weddings being on the tapis.

An annual meeting of the stockholders of the Pasadena Opera House was held yesterday afternoon.

M. H. Weight, R. Williams and J. W. Banbury will be given a warm welcome on their return from Chicago.

Company B will soon be privileged to some practice in field tactics, together with the Los Angeles companies.

A meeting of ladies was held yesterday afternoon at All Saints Church to devise plans for raising money for the church fund.

Miss Fuller, one of the Garfield school teachers, gave thirty of her pupils a merry picnic in the Arroyo Seco Saturday.

The Rev. Dr. Cantine will deliver his second lecture in this city on "Anglomaniacs Abroad" at the Tabernacle this evening.

With the aid of the distributor, who meets the overland at San Bernardino, the eastern mail is distributed here in a very short time after the arrival of the train.

The Pasadena Improvement Company have granted the right-of-way over their property in Rubio Cañon to the Pasadena and Mt. Wilson Railroad Company.

Miss Bates gave a charming dinner party on Sunday evening to the following guests: Mr. and Miss Shoemaker of San Gabriel, Mr. Rogers of Wichita, Kan., and Mr. Halstead of Alhambra.

The Alhambra Tennis Club will hold its first anniversary tournament on Saturday, May 23. The games will begin at 9:30 a. m. and continue until 5 p. m. The Pasadena players have been invited to participate.

Yesterday's arrivals at Hotel Green: James A. Collins, wife and son, Cincinnati; F. W. McKerow, H. Levi, M. Spier, Miss Stanbury, C. D. Fraser and wife, G. Wilson, Los Angeles; A. R. Ilman and wife, San Pedro; F. L. Bortells, Downey.

The ladies central committee of the Young Men's Christian Association will hold their regular monthly business meeting at the reading room of the Association in the Fish Block this afternoon. Interesting reports will be made by the lady delegates to the Santa Barbara Convention. Ladies interested in the work are invited to be present.

Col. G. G. Green and family will leave for their summer home at Woodbury, N. J., tomorrow at 4 p. m., in their special car. They will be accompanied as far as Denver by the Misses Hill of Orange Grove avenue, who will remain in that city indefinitely, Miss Emma having accepted a position as stenographer. Miss Hill will follow her musical calling.

Special Sale of Clothing.

Having decided to give up the clothing department we are making special low prices and will continue to do so until our stock of clothing is all sold. This is an opportunity not to be lost. Come early and make your selection. GARDNER & WEBSTER.

GEO. J. AINSWORTH, President. JAS. N. SUTTON, Trainmaster.

I HEREBY TESTIFY THAT DR. LE PO TI

Is an able Chinese physician. My limbs have been paralyzed for one year and a half. I was not able to walk at all and Dr. Le Po Ti cured me in one month, after other doctors have failed to cure me. AUGUST BALDESAR.

City taxes became delinquent yesterday, and hereafter the penalty will be collected.

Police Judge Owens did not hold any court yesterday; all cases in his department were continued.

Miss Nellie Gray is being initiated into the mysteries of Uncle Sam's postal work. Miss Hamby, the regular assistant, is unable to attend to her duties on account of illness.

In the article on the Signal Corps in THE TIMES yesterday an error occurred in that it was stated that it was attached to the Seventh Regiment. The corps is attached to the headquarters of the First Brigade, N. G. C., and should have been so stated.

Only one marriage license was issued at the County Clerk's office yesterday, the lucky recipient being Edwin R. Rarick, a native of Michigan, 23 years of age, who was granted a permit to wed Miss Margaret E. Martin, a native of Minnesota, 21 years of age. Both parties reside at Santa Monica.

Maj. G. E. Gard returned from the North yesterday after an absense of nearly two weeks, during which time he was in attendance at the annual State Encampment of the Grand Army of the Republic at Fresno, and took a prominent part in the reception of President Harrison at San Francisco.

La Junta Patriotica Mexicana will celebrate the anniversary of the victory of the Mexican forces over the French, at Puebla, May 5, 1862, with literary exercises and a grand ball at a hall on Upper Main street today and this evening. Quite a lengthy programme has been arranged for the occasion, and addresses will be delivered by several well-known citizens.

Col. Dunkelberger has been, and is still, seriously ill from the breaking out of a gunshot wound received in Virginia, June 12, 1864. The ball entered the left shoulder, fractured the scapula and lodged near the spine, where it was cut out; a part of the scapula has also been cut out. Drs. Maynard and Cochran are attending the case. The wound has broken out a number of times and always necessitates a painful and dangerous operation.

A large audience heard Warman's readings, recitations and impersonations at Y. M. C. A. Hall last evening. Perhaps the best commentary upon the entertainment is the fact that he held the audience for over two hours and a half, and at the close they seemed loath to leave the hall. Mr. Warman demonstrated that he is not only master of the theory of expression, but of the practice. Mr. Warman appears again tonight, for which he has arranged an attractive programme.

NEWS AND BUSINESS.

The Weather.

SIGNAL OFFICE, LOS ANGELES, May 4.—At 5:07 a. m. the barometer registered 30.01, at 5:07 p. m. 29.96. The thermometer for corresponding hours showed 55° and 61°. Maximum temperature, 71°; minimum temperature, 52°. Partly cloudy.

The case against Eugene Monican, a wandering minor, was dismissed by Justice Austin yesterday.

The German American Savings Bank, No. 114 South Main street, compounds interest quarterly to its depositors; 5 per cent. on term deposits.

An address on mission work in Japan will be given by Dr. Cochrane, who has spent some years in that field, at the Los Angeles Mission, No. 17 North Spring street, at 7:30 this evening.

W. O. Randolph, of the Barnett-Randolph fruit company, yesterday received information of the dangerous illness of his mother, who is at Huntington, Ind. and started at once for his parent's bedside.

Dr. Liebig & Co., the leading San Francisco specialists, are vising Los Angeles this week. Report has it that they intend opening permanent branch offices in Southern California and Los Angeles will doubtless be the location.

PERSONALS.

George L. Colwell of Washington is at the Nadeau.

W. M. Holbrook and wife of Pasadena are at the Nadeau.

N. W. Morse of San Francisco is registered at the Nadeau.

E. B. Winterhalter of Milwaukee is registered at the Hollenbeck.

J. B. Stansbury of Delaware, O., arrived at the Westminster yesterday.

George W. Eddy and Alfred D. Foster of Boston are stopping at the Westminster.

Hon. T. J. Carran returned from San Francisco yesterday after a brief business trip.

Albert Edward Kennedy of Philadelphia is spending a few weeks at the Hollenbeck, accompanied by his wife.

Mrs. C. D. Danaher of Ludington, Mich., and Miss E. S. Stanley of Columbus, registered at the Nadeau yesterday.

The following are registered at the Ramona: F. D. Owen, Dayton, Wash.; Dr. Jacoby, wife and daughter, Columbus, O.; F. Adams, San Luis Obispo.

Dr. A. C. Stoddart, the well-known San Francisco physician and surgeon who has been connected with the Liebig world dispensary of that city for nearly a quarter of a century, is visiting Los Angeles this week.

Easterners at the Hollenbeck are: Hiram Hays, Mrs. Hays, Frank Hays, Superior, N. Y.; Lucius Bell and wife, Brooklyn; John T. Irvin, L. M. Dreyfus, Albert Stein, New York; Fred L. Keeley, Boston; John M. Foster, Thomas A. Mack, Cincinnati; T. Mohan and wife, Pennsylvania; Lou J. Clark, Detroit.

Pure Wines.

H. J. Woollacott, 124 and 126 North Spring street, delivers two cases California Wines, consisting of an assortment of 24 bottles, to any part of the United States for $9.00.

FRANK X. ENGLER, piano maker and tuner, 208 S. Broadway.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

CALIFORNIA STATE SERIES School Books and others at Langstadter's, 229 S. Spring, Los Angeles Theater Building.

BRICKS. T. F. Joyce has removed his office to 228 W. First st. Plenty of bricks always on hand. Brick work done at low prices.

FOR GOOD SOLID ENJOYMENT make a visit to Arrowhead Hot Springs Hotel.

MRS. PRESIDENT HARRISON'S new spring hat bought from the New York Bazaar, 148 North Spring st.

DRINK ARROWHEAD HOT SPRINGS water and cure your dyspepsia.

FOR BEAUTY, for comfort, for improvement of the complexion, use only Pozzoni's Powder; there is nothing equal to it.

SOME SIGNIFICANT POINTS.

No One Allowed to Board the Vessel—A "Passenger's" Talk About the Movement of the Insurgents.

The arrival of the big Chilean steamer Etata at San Diego Sunday afternoon, taken in connection with the departure of the schooner Robert and Minnie, from Catalina harbor in such a hurried manner Saturday afternoon, is regarded by the customs officers and others interested as very significant, and is regarded generally as a confirmation of the reports heretofore published. It is, to say the least, a most remarkable coincidence. Mr. Burch, in his talk with the San Pedro customs officers, stated that the vessel he was looking for drew twenty-two and one-half feet of water, and from the description that is about the draught of the Etata. This is the first visit of the vessel to any American port, and her appearance suddenly at San Diego, on orders from her owners, while the schooner was lying at Catalina, also awaiting orders, fits in very nicely. The San Diego Union of yesterday has the following concerning the big steamer:

SIGNIFICANT FACTS.

The Chilean passenger steamer Etata, Capt. Mansen, put into this port at 1 o'clock yesterday afternoon for provisions and possibly for coal. The Etata hails from Iquique and carries, besides the full complement of a merchantman, a large number of passengers, said to be for San Francisco. She is the first Chilean steamer and probably the largest passenger boat that ever entered this harbor.

Capt. Mansen was interviewed at the Horton House last evening in regard to the objects of her landing here, and gave as a reason that he was short of supplies and could go no farther without replenishing the ship's stores.

"The fact that a schooner is now lying off the Catalina Islands with a cargo of rifles for the Chilean insurgents and awaiting a transport to carry them down, captain, has started the story that you came after them. Is there any truth in that?"

"None whatever. We came solely for the purposes of trade. I have $100,000 aboard the Etata with which I propose to buy flour and coal. Our visit is made partly to open up an outlet in Chile for the products of California, and to start commerce between the two republics."

"The Etata is not connected in any way with either of the parties at war in Chile, is she?"

"No; she is simply a merchantman, owned by Grace & Co., of New York, and comes here by their orders. We intend to sail from here to San Francisco, and then to Vancouver, where we will go on the drydock for repairs. After taking on coal at Nanimo we will return to Chile."

The Etata has never before touched at an American port, and has been, until recently, running between Panama and different ports of Chile. She carries no cargo. Yesterday a number of people went out to her in boats, with the intention of going aboard, but permission was refused to all, and none of her crew who came ashore could be induced to talk.

Capt. Mansen did not attempt to disguise the fact that he was in sympathy with the insurgents, but was emphatic in his denial that he was connected with them in any way. One of the alleged "passengers," however, in talking of the war to a reporter, gave the information that "We captured Arica on the 7th of April, and are going ahead everywhere."

Continuing, this same passenger said: "The insurgents landed their troops several miles above Arica, when they made their assault on the town, then moved toward Balmaceda's troops and defeated them. The same day they sent out another division and took Fagna. On the 13th, another body of soldiers went against Caldero and Copiapi, and captured both places." This information, it will be observed, tells only of the successes of the Congressional party, and leaves very little doubt that the sympathies of the crew of the Etata, if not their allegiance, is with that party.

Inquiry at the custom-house disclosed the fact that the Etata is legally entered here, and that her clearance papers are all regular and in good shape.

SUSPICIOUS CIRCUMSTANCES.

From the tone of the above it will be seen that not much stock is taken in the statements of the captain of the vessel as to his mission. In the first place the number of passengers is suspiciously large. Then the action of the officers in not allowing any one to board the vessel is out of the general run. It is known also that the firm of Grace & Co. of New York have large interests in Chile, and only a few weeks ago ex-Mayor Grace paid a visit to San Francisco, Los Angeles and San Diego. The fact, too, that the captain of the steamer has $100,000 on board with which to trade looks a little singular in this day of checks, drafts, etc. Another fact which will strike the average man is the outspoken manner in which the "passengers" declare their sympathy for the insurgents and the familiarity which they exhibit in regard to their movements. Altogether, the connection between the steamer and schooner has been pretty well established. Further developments are anxiously awaited.

A CHILEAN'S STORY.

The "Robert and Minnie's" Cargo—That Ship at San Diego.

SAN FRANCISCO, May 4.—[By the Associated Press.] Ricardo L. Trumbull of Santiago, Chile, a representative of the Congressional party, is in this city, and explained the mysterious cruise of the schooner Robert and Minnie, which has been at Catalina Island loaded with arms and ammunition.

Mr. Trumbull says the cargo consists of 10,000 45—70 caliber Remington rifles and 2,500,000 cartridges. They were shipped by rail from New York, and arrived here April 22.

Regarding the steamer Etata, he says she came there for the purpose of obtaining provisions for the warships now in possession of the Congressional party.

SPECIAL SALE—On Monday morning, May 4th, we begin a special sale of Carpets to reduce stock. Buyers will find it to their interest to inspect our goods and prices. No old stuff, all new, clean, fresh goods and latest patterns. W. E. BREESON, 221 S. Spring street.

A Wise Choice.

NEW YORK, July 23, 1890.

All other reports on Baking Powders signed by me or purporting to be signed by me are based on investigations made several years ago.

In view of the present controversy as to the purity and wholesomeness of baking powders, I have been requested to make a chemical examination of the leading brands found in the market.

My analysis of Cleveland's Superior Baking Powder verifies the statement on the label, that the only ingredients used are cream of tartar, bicarbonate of soda (both of the highest purity), and a little flour to preserve the strength.

My analysis also shows that "Cleveland's Superior" is free from ammonia, alum, or other substitutes.

Owing to the purity, strength, effectiveness, and constancy of composition of Cleveland's Superior Baking Powder, I have adopted the same for use in my home.

HENRY A. MOTT, Ph. D., LL. D.
Late U. S. Government Chemist.

THE RAILROADS.

TRYING TO HEAD OFF THE TICKET SCALPERS.

A Concession to Travelers—The Fresno Road Goes Slowly—The Lower California Road—General Mention.

The Western Passenger Association has adopted new rules regulating the sale of signed contract tickets which the general passenger agents hope will effectually check the wily scalper. All tickets subject to signature must be signed in the presence of the agent. The head of a family, traveling in company with members of his family, must sign round trip tickets for all and must remain with them until they return, thus requiring the family to stick together throughout the entire journey. Women traveling alone and children unaccompanied by parents must sign their own names. In no case will women be allowed to sign their initials or rightful married name, but must write themselves down as they would in a legal document—not as Mrs. John Smith or Mrs. M. Smith, or Mrs. Mary Smith, but simply as Mary Smith, leaving the world in ignorance of her relation to any one else. While passenger agents and scalpers are trying to outwit each other, the poor travelers are being bothered to death by rules and iron-clad contracts.

SCRAP HEAP.

G. A. Davidson, Jr., of the Santa Fé clerical force, will shortly move to San Diego.

Superintendent Muir of the Southern Pacific went up to Redlands yesterday on a business trip.

A Louisville and Nashville private car containing ex-Gov. Norton and party, went to Santa Monica yesterday.

C. J. Wilder, general freight auditor of the Southern Pacific, after a visit here, went to San Francisco yesterday.

Chief Engineer Hood of the Southern Pacific is personally superintending the construction work of the road at Gila City, Ariz.

The Southern Pacific circular announcing that Tropico would be closed as an agency has been recalled, and the company will keep an agent there.

Will J Cox, stenographer in the treasury department of the Santa Fé, has resigned his position to take one with the Germain Fruit Company. Miss Hynes succeeds him.

The Southern Pacific will hereafter check baggage through to San Bernardino, Redlands and Riverside. Heretofore passengers for those points were required to recheck their baggage at Colton.

Fresno must raise $500 more before the needed $100,000 bonus is complete for the Mountain railroad. The promoters of the scheme refuse to do a stroke of work until every cent is collected and lodged in bank.

Twenty-five kilometers of a preliminary line for the Peninsular railroad at San Quintin have been surveyed and located, and Surveyor Earle is now in Ensenada to complete the plans of it for the Mexican government.

The Santa Fé officials have offered to distribute San Diego advertising matter in the trains of the company to west-bound passengers. Now, San Diego, not satisfied with that concession, demands that the company will prevent Los Angeles having any chance whatever with California visitors.

The Southern Pacific Company owns about seven hundred acres of land at Armona and is building a large roundhouse there. There are to be twenty tracks running to it, and a good-sized depot is to be built also. The railroad people contemplate the formation of a little railroad town at Armona, and it is said that in June next, when the company's buildings are well under way, a new town site will be laid out.

FOR RELIABLE male and female help apply to the A. O. U. W. Employment Bureau, 215 S. Main st. No expense to those wishing help or employment. Frank X. Engler, Sec'y.

GOING AWAY.

Drs. Darrin Will Soon Close Their Office in This City, as Their Stay is Limited.

Dr. Darrin's sojourn in Los Angeles will soon expire, when he will return to the firm's head office in Portland, where they are permanently located.

The visit of Dr. Darrin to Los Angeles is filled with interest in many particulars. When he first arrived he advertised very extensively and the cry went up that there was some catch in it. Then he cured one case that was considered hopeless and surprise was felt. After that the very worst cases in existence were given him as a test by all doubters. If he cures this one I will believe it the doubters echoed, and after treatment the patient was as sound as a dollar. Then they gave him another test case, and another, and so on, but all with the same result. He effected a cure in nearly every instance. Then the doctor's terrible rush of patients began, and the stream has been growing larger every day, numbering some of the best people in the State.

A visit to the offices of Drs. Darrin is certainly a curiosity as well as a wonder. Patients are carried in one day, and after a week's time instead of being carried there they walk up the stairs as sprightly as young boys. What there is about them is certainly mysterious, for they have performed most remarkable cures, as the testimonials we have heretofore published have proved. Any one afflicted, who has not visited the famous Drs. Darrin should not lose the opportunity to do so at once.

Their offices are found in the Hotel Ramona, Corner Third and Spring, Los Angeles, Cal.

Consultation free and charges reasonable. They make a specialty of diseases of the Eye, Ear, Nose and Throat, and all Nervous, Chronic and Private diseases, and will under no circumstances take a case they cannot cure or benefit.

Cures of private diseases guaranteed and never published in the papers. Most cases can receive home treatment after a visit to the doctor's office. Inquiries answered and circulars sent free.

N. B.—Drs. Darrin have their head office in Portland, Oregon, at corner of Fourth and Washington (Washington building) where they are permanently located.

LIVE STOCK.
AUCTION SALE ON PREMISES.
HAMMEL & DENKER'S RANCH,
Rodeo de Los Aguas,
On MONDAY, May 18, 1891, at 11 o'clock a.m., or immediately after lunch, which will be spread for all the guests attending the sale.

Owing to the fact that the undersigned are about to subdivide their ranch into ten-acre tracts, owing to its adaptability for fruit growing and the raising of vegetables, it being in the frostless belt line, and also in settling the estate of the late Henry Hammel, we will sell the following live stock:

The catalogue embraces as fine a lot of graded Holstein and Durham cows and heifers as can be seen on any ranch in the state.

FIFTY HEAD OF COWS, fresh, or will be in ten to fifteen days.

FIFTY HEAD LOVELY HEIFERS, gentle and all large milkers.

OUR HORSE STOCK is also exceptionally fine for orchard work, as they are low and very heavy set, weighing from 1000 to 1150 pounds; fifty head of this class; also by our Hambletonian horse, a lot of young Brood Mares, Colts and Fillies, Roadsters and Family Buggy Horses; also two 16-foot Headers, Buckeye Mowing Machines, Threshing Machines, and, in fact, all kinds of Agricultural Implements. A special invitation is extended to all to inspect the land and select their choice, as the land will positively be sold as soon as the stock is sold.

DIRECTION TO THE RANCH—Take the Temple street road, the Pico street, or Sixth street, by Westlake Park. Either will take parties to the ranch, which is situated between Santa Monica and Los Angeles. All information desired can be had at the ranch or at the office of Hammel & Denker, 117 Requena street.

E. W. NOYES, Auctioneer.

DR. WONG,
The Famous Chinese Physician,

Has all kinds of Herbs and Medicines for sale at his Sanitarium, 713 SOUTH MAIN ST., Los Angeles, Cal. Good rooms and the best of attention to patients remaining at the Sanitarium for treatment. Hundreds have been cured by him, when given up by other physicians. See his testimonials, a sample of which is as follows:

In the different daily papers of this city for some time past there has appeared an advertisement of one who styles himself as Dr. Tom She Bin and appended thereto were testimonials from those whom he claims to have cured. Among them the following reflecting upon Dr. Wong, the well-known and popular Chinese physician, reads as follows:

LOS ANGELES March 14, 1891.—The undersigned, after seven years of suffering without finding a physician who could relieve me, I resolved to be treated by Dr. Wong of North Main street, but having received no relief from him I saw Dr. Tom She Bin who, after three months' treatment, left me entirely well. I commenced to feel better from the first week I took his medicine.
MRS. JENNIE SAUNFERS, 1516 West Seventh st.

After having read it then read the following, or the other side of the story:

LOS ANGELES, CAL., May 1, 1891.—In justice to Dr. Wong I hereby certify that in the foregoing testimonial and purporting to have been signed by me I authorized him verbally to use my name as a reference. I did not authorize him to use Dr. Wong's name in any manner in connection therewith.
MRS. JENNIE SAUNFERS, 1516 West Seventh street.

The other, which is purely mythical and misleading throughout, reads as follows:

LOS ANGELES, Dec. 3, 1890.—I have been sick with female weakness and irregularities; lost my appetite and became very weak, so that I never saw a well day. I tried a good many doctors; I even tried the Chidese doctor Wong three months with no benefit. At last I heard of Dr. Tom She Bin and commenced his treatment. In two months after I was completely cured.
MRS. S. ANDREWS.
East Sixteenth street, Los Angeles.

This was manufactured from whole cloth. As Dr. Wong is so well known in this city further comment is unnecessary, as his numerous friends and patrons will testify.

Three months ago my daughter was taken sick, bloated terribly, limbs became cold and finally she lost consciousness and one side became paralyzed and she was given up to die. Dr. Wong's medicine restored her to perfect health.
MRS. MARY SCULLY, 509 Gallardo st., Los Angeles, Cal., Nov. 1, 1890.

Six years ago my son was very sick. I employed three different doctors for three weeks, but none of them afforded any relief, nor could they tell me the kind of disease my son was affected with. When it was evident my son couldn't live Dr. Wong examined him and said that he was suffering from one of the 21 forms of stomach diseases. Dr. Wong's medicine relieved him at once and effected a permanent cure in a few days' time, and he has never been sick or taken any medicine since taking Dr. Wong's medicine.
JOHN GENILA,
October 29, 1890. 135 S. Workman st., Los Angeles, Cal.

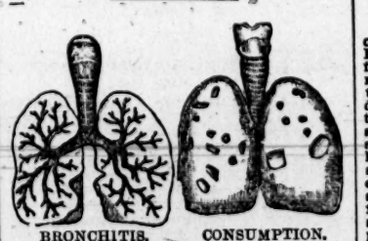
After I had suffered severely from blood poisoning and had failed to get relief from other doctors, I took medicine from Dr. Wong and was completely cured in two months' time. I consider Dr. Wong the most able physicism that I have ever known of in forty years' observation and experience.
J. D. STEELE,
November 1, 1890. 257 S. Main st., Los Angeles, Cal.

Two months ago my wife took medicine of Dr. Wong for bronchitis and asthma, now she is in the best of health and is enjoying life. For fifteen years she suffered and during that time I employed five different physicians and paid them hundreds of dollars, but none of them ever benefited her in the least. All the doctors advised me to move to another climate as the only thing that would ever afford her relief.
WM. H. PENDLETON, Jr., Downey, Los Angeles, Cal.
November 1, 1890.

DR. WONG has cured over 2000 people who were afflicted with nearly every form of the various diseases the human flesh is heir to.

CATARRH!
Throat Diseases, Asthma, Bronchitis and Consumption,
Together with Diseases of the EYE, EAR and HEART; also diseases incident to FEMALES and all blood affections successfully treated by
DR. M. HILTON WILLIAMS,
137 S. Broadway, Los Angeles, Cal.

All diseases of the respiratory organs treated by the most improved medical inhalations and the Compound Oxygen treatment which has such a world-wide reputation in lung and nervous affections.



CONSUMPTION.

The earlier symptoms of consumption consist in a weariness at times or a disposition to remain passive a peculiar sensitiveness to the effects of cold; also breathlessness upon moving or ascending a hill or stairs, a slight, backing cough, with or without expectoration, flying pains throughout the chest or back or under the shoulder blades. These symptoms are more noticeable toward or in the night slight fever in the afternoon. Cold feet and hands, and in many cases a blue lividity of the lips and roots of the finger nails.

It is unnecessary to give the symptoms in the more advanced stages of consumption, as there is scarcely a family in our State wherein its ravages have not been felt to a greater or less degree, and while that is true it is no less true that had those persons who became the easy victims to this foul destroyer during the early stages of their disease, partaken of the benefits to be derived from using the Aerean system of practice, nine-tenths of them might have been permanently cured; and while our climate is probably equal, if not superior to any climate in the world, yet all will agree that something more heroic is required to kill and destroy the living germs found so numerously in this disease—for all scientific, intelligent and thinking people concede the fact that consumption does arise from a living germ found distributed along the diseased tissue of the bronchial tubes and lungs, which nothing will kill or destroy equal to the Medicated Inhalations when properly applied.

Persons taking this treatment can use the remedies at home as well as at our office.

CONSULTATION FREE.

Those who desire to consult me in regard to their cases had better call at the office for an examination, but if impossible to visit the office personally can write for a list of questions and circular, both of which will be sent free of charge. Address
M. HILTON WILLIAMS, M.D.
137 SOUTH BROADWAY.
Bet. First and Second, Los Angeles, Cal.
Office hours: From 9 a.m. to 12:30 p.m., and 1:30 p.m. to 4 p.m. Sundays excepted.

DR. WONG HIM,

THE first Chinese Physician to practice his profession in this city was DR. WONG HIM. Has practiced here for sixteen (16) years, and his cures and successful treatment of complicated diseases is proof of his ability. He belongs to the sixth generation of doctors in his family. A trial will convince you. OFFICE; 639 Upper Main st. P. O. box 564. Station C, Los Angeles, Cal.

TO THE PUBLIC: Dr. Wong Him, 639 Upper Main st., has cured my mother of the typhoid fever in the short time of one week, and has left her entirely well, and also has cured me of a tumor I had on my left side. After suffering for a long time and receiving no benefit from others I concluded to try the above gentleman (Dr. Wong Him), who has left me entirely well, and now I feel it my duty to testify in his behalf. I wish to recommend him to the public as an efficient and skilful physician. MISS CARRIE PEREIRA and MRS. D. C. PEREIRA, 550 Gallardo st., Los Angeles, Cal. February 21, 1891.
